REVIEW
 OF THE
 MANAGEMENT OF ESTATES
 IN THE
 COURT OF WARDS,
 OR UNDER THE
 TALÚQDÁRS' RELIEF ACT,
 IN OUDH,

FOR THE YEAR ENDING 30TH SEPTEMBER, 1888.

THE reports received by the Government deal with 49 estates, the aggregate rental of which amounts to 22½ lakhs of rupees. Of these estates only seven are now managed under the Oudh Talúqdárs' Relief Act (XXIV of 1870), the remainder being in charge of the Courts of Wards. The dates on which Commissioners of Divisions submitted the reports to the Government varied considerably: and for the most part were very late. They were due on 1st December and were actually received from Rae Bareli, 28th January, from Sitapur, 19th February, from Fyzabad, 29th March, from Lucknow, 6th May. Of the 52 estates reported on for the year 1886-87, eight were released by or shortly after the close of that year. During 1887-88 the Court of Wards assumed the administration of the following five estates, of which the first four are situated in the Bara Banki district and the fifth in Bahraich:—

Estate.	District.	Rental.	Date of assumption of management.
		Rs.	
Ramnagar Dhameri,	Bara Banki ...	2,65,713	3rd April, 1888.
Surajpur ...	Ditto ...	1,64,870	7th May, 1888.
Mailaraiganj ...	Ditto ...	90,435	30th November, 1887.
Narauli ...	Ditto ...	64,179	7th May, 1888.
Kuncra ...	Bahraich ...	3,585	May, 1888.

In the case of Ramnagar Dhameri and Kunera, the proprietors were declared incapable of managing their estates under section 162 (*e*), Act XVII of 1876: in the other cases charge of the estates was undertaken in the interests of minors. The Mailaraiganj estate had, at the time of assumption of management in November, 1887, a balance to its credit of about $1\frac{1}{4}$ lakhs: the remaining estates, which were in charge of the Courts of Wards for less than six months of the year 1887-88, were all heavily involved, the debts in the case of Ramnagar Dhameri and Surajpur being roughly estimated at about seven and eight lakhs of rupees respectively.

2. The rental demand of the 44 estates which

APPENDIX I.

continued under management from the previous year varied but little on the whole from the demand of 1886-87, Rs. 16,69,604 as compared with Rs. 16,31,615. The most noticeable increase is one of Rs. 23,144 on a total of Rs. 1,59,100 in the Mullanpur estate (Kheri), which is attributed by the Deputy Commissioner to the excellence of the crops; it appears that nearly half the rent of the 132 villages which constitute the estate is paid in kind. Mr. Butts has omitted to give any explanation (and it should now be submitted) of an increase of more than Rs. 5,000 on a total of Rs. 55,650 in the rental of that portion of the Khajurahra estate which lies in the Sitapur district, or of Rs. 800 on a total of Rs. 6,900 in the Deokalia estate (seven annas share): in the former case it may possibly be due, in part, to the discovery of the frauds noticed in the report for 1886-87, but in that case some detail should have been given of the system, under which such large embezzlements were possible and escaped detection. The net decrease (Rs. 1,837) in the gross rental of the Khairigarh estate (Kheri) is due to the redemption during the year of certain villages in the Sitapur district which had been for some years mortgaged to the estate; the Deputy Commissioner, on the other hand, reports an increase of Rs. 5,534 on a total of Rs. 1,41,283 in the rental of the villages of the estate proper owing, it is gathered, to an increase in the area under cultivation at the crop rents which prevail in the estate. The Kaimahra estate

(Kheri) shows an increase on a total of Rs. 51,696 of Rs. 2,790, attributed to the realisation of better prices at the sale of leases, the reclamation of waste land, and a larger profit from crop-rented lands. Increase from enhancements under section 39 of the Rent Act was confined mainly to the Fyzabad and Sultanpur districts, in which the increase of rent under the statutory provisions amounted to Rs. 102 and Rs. 777 on rents aggregating Rs. 1,03,452 and Rs. 2,45,166 respectively. The methodical enhancement of rents when the law and the circumstances of the holdings permit, is a point which should not be overlooked by the managers. In Sultanpur the rental of the six estates under management exceeded that of the previous year by Rs. 3,107 on an aggregate of Rs. 2,42,059, owing chiefly to improvements effected at the cost of the management.

3. The total demand of rent amounted to Rs. 20,34,232, of which Rs. 17,82,401 were collected, leaving a balance of Rs. 2,51,831. The proportions of collections given in columns 14 and 15 of appendix I are calculated upon the gross rental, and in cases where the demand did not correspond with the full rental are misleading as indices of the success in realisation. Fyzabad and Sultanpur show the best results. The collections in each district are compared in the following tabular form:—

				<i>Percentage of rent collections to demand.</i>		
				Current.	Arrear.	Total.
Bara Banki	96·3	11·7	76·5
Sitapur	91·5	65·9	90·7
Hardoi	98·8	62·9	98·0
Kheri	96·3	24·0	87·1
Fyzabad	99·3	73·8	98·9
Bahraich	95·9	32·5	90·1
Rae Bareli	98·6	12·2	85·0
Sultanpur	99·0	64·6	98·4
Partabgarh	98·0	46·1	97·7
Provincial Total	97·5	17·6	87·6

In the four estates of the Kheri district the prevalence of the practice of collecting rents in advance is again

noticeable. It is explained that in one estate large sums are due from lessees under the terms of their leases, but no reason is given for the insertion in the lease-deeds of a condition which cannot be exacted without pressure on the tenantry. The Commissioner is requested to give this matter his early attention. Rupees 3,095 were collected in advance in 1886-87 on account of the year under review, and Rs. 15,649 in 1887-88 on account of the current year. In the Kunera estate (Bahraich) also Rs. 800 was collected in advance in 1887-88 to meet a decree given against the estate. At the same time, however, there was an uncollected balance of current rent amounting to Rs. 446.

4. Of a current rental demand of Rs. 17,82,410, Rs. 17,37,975, or 97·5 per cent., were collected, leaving a balance of Rs. 44,435. In the majority of the estates the collections were excellent, though in Sitapur, Kheri, and Bahraich the managers might in some instances have shown better results. In Bajehra (Sitapur) a defaulting lessee owes the whole balance, Rs. 2,176; it is hoped that prompt measures have been taken for its recovery under the decree which has been obtained against him. The balances in Bara Banki are due for the most part in estates recently taken under management, and were probably unavoidable. There seems no reason, however, why in the Udrehra estate (Rae Bareli) there should have been, on its release at the close of the year, a balance of Rs. 1,672, or 4 per cent. of the demand, due on account of current rents: as in the case of Bhiragobindpur in the same district no explanation of the short collections is given owing to the change of managers.

5. On the 30th September, 1887, the balance due on account of previous years in the 44 estates still under management amounted to Rs. 1,17,873: this sum was reduced, by subsequent remissions of irrecoverable items amounting to Rs. 23,788, to Rs. 94,085, but rose to Rs. 2,51,822—the demand for the year under review—by the addition of Rs. 43,243, current arrears of 1886-87, Rs. 934 subsequently found to be due, and Rs. 1,13,560 due on account of previous years in the five new estates taken under management, one of which, Surajpur, con-

tributed alone the large sum of Rs. 81,123. The balance at the close of the year (Rs. 2,07,396) has been reduced, by subsequent remissions of Rs. 27,116, to Rs. 1,80,280, but as is noticed below, much of this large balance is in fact nominal.

6. The collections (Rs. 44,426) under the head of arrears were indifferent, being only 17·6 per cent. of the demand. Fyzabad again shows good results. In Bara Banki circumstances were exceptional: three new estates were taken under management with large sums nominally due, but to a great extent irrecoverable from lapse of time or other causes. Inquiries are being made into the accounts with the result that a great portion of the outstandings will probably be struck off the books. The Mailaraiganj estate (Bara Banki), however, was administered by the Court of Wards for ten months of the year, and more should have been done towards the adjustment of these accounts. The special report called for by the Commissioner should be submitted at a very early date, and the whole subject of these balances has, it is hoped, received the careful attention of the new manager. The average collections in Kheri and Rae Bareli were 24 per cent. and 12·2 per cent. of the demand respectively. Progress has, however, been made in the adjustment of the involved accounts of the estates in these districts, as the following statistics will show:—

District.	Arrear balance on 30th September, 1887.	Deduct remissions after 30th September, 1887.	Add current balance of 30th September, 1887.	Resultant arrear demand, 1887-88.	Collections, 1887-88.	Balance.	Remitted after 30th September, 1888.	Net balance.

* Includes Rs. 11 subsequently found due.

Orders have not yet been passed on the remission statements for Khairigarh and Kaimahra (Kheri), so that the balance of Rs. 33,756 will be still further reduced. The recent remissions in Rae Bareilly occur almost entirely in the Bhiragobindpur estate, where a large nominal balance on account of the profits of sir, which had been appropriated for years past by the managing talúqdár, was excluded from the accounts. The Korihar Sataon estate (Rae Bareilly) was handed over to the talúqdár in February, 1888, with an arrear balance of Rs. 10,622: as no items were remitted as irrecoverable after the 30th September, 1887, it appears that no examination of the outstandings was made previous to release, notwithstanding the remarks made in paragraph 4 of the Government Review for 1886-87.*

7. The demands from sources other than land rents amounted to Rs. 7,35,228, and the collections to Rs. 6,79,586, or 92·4 per cent. Of the balance Rs. 55,775, Rs. 1,205 were remitted as irrecoverable after the close of the year. The percentage of realisations in Fyzabad was again the best in the Province; Hardoi coming next. The collections in each district and under each head are compared in the subjoined tables:—

Heads of receipt.	Demands.	Collections.	Percentage of collections to demands.		
			1887-88.	1886-87.	1885-86.
	Rs.	Rs.			
Rent of houses ...	5,030	3,348	66	84	77

* "Another reason frequently given for the omission to report irrecoverable balances is that an estate is about to be released from management. This is not a reason for omitting an examination of the accounts and an exclusion of such items as are without doubt irrecoverable."

Percentage of total collections to demand:—

<i>District.</i>					
Bara Banki	93.3
Sitapur	97.6
Hardoi	99.0
Kheri	97.7
Fyzabad	99.6
Bahraich	55.9
Rae Bareli	71.5
Sultanpur	86.2
Partabgarh	53.3
Provincial Total					92.4

There has been an improvement in the receipts on the whole as compared with those of the previous year, though the recovery of law expenses was generally unsatisfactory, and the estates of the Partabgarh, Bahraich, and Rae Bareli districts in many cases show poor results. It is not clear from the report of the Korihar Sataon estate (Rae Bareli) whether the recorded demand, which is considerably less than that of the previous year, is the demand of the whole year or merely of the four months of the year during which the estate was under management. The balances shown for the Gaura Kasaiti estate (Rae Bareli) were nominal, being the sums uncollected at the time of the release of the estate in March, 1887.

8. As regards details of the receipts, the short collections on account of rent of houses in the Mailarai-ganj estate (Bara Banki) are explained to be due to the default of a Lucknow tenant: the large arrear will, it is hoped, be recovered. The recovery of takávi advanced to tenants was fair except in Sultanpur, Bahraich, and Rae Bareli, where the balances were large. There was a considerable falling off in the realisation of recoverable law expenses which in nearly every district was, as usual, indifferent: in Partabgarh, for instance, 10 per cent. only of the demands was recovered. The matter appears to be somewhat overlooked, and requires the special attention of Deputy Commissioners and managers. By prompt action only is any success likely to be attained in the recovery of arrears of this nature. Many items appear to be very doubtful of

recovery, and if found to be irrecoverable after verification, should be struck off under proper authority. The large balance in Pandriganeshpur (Rae Bareli), Rs. 1,303, is noticeable: it is said that proceedings are being taken in execution of the decrees under which the sums are due, as well as for the realisation of the principal sum decreed (Rs. 1,367) included in the balance under "Miscellaneous." In the Mahona estate (Sultanpur) a large sum is due under a decree from the late claimant of the estate; and the Bhadayan estate of the same district also had unfortunately to defend a speculative suit brought by an impecunious or insolvent litigant who owes Rs. 743. No endeavour seems to have been made to recover the large sum of Rs. 1,223 due from a judgment-debtor in the Kaithola estate (Partabgarh), and the bad debt was transferred to the talúqdár on release of the estate. All attempts to recover the sum of Rs. 1,516 due to the Bargaon estate (Partabgarh) are said to have been abortive; the Deputy Commissioner has directed further inquiry, and before allowing the attempts to be abandoned should satisfy himself that every means possible for the realisation of the debt have been exhausted. In the Rehwa estate (Bahraich) and the Dahyawan estate (Partabgarh) the collections of interest on invested capital were poor, and the year closed with large balances still due. In both cases the management inherited from the talúqdár bad debts, of which neither principal nor interest could be recovered. The want of action with reference to the sums due to the Dahyawan estate was noticed in the review of the reports for 1886-87, and it is hoped that with a new manager there may be a speedy adjustment of the accounts. The Rehwa balances require very careful attention, the collections during the year having been comparatively inconsiderable.

9. The miscellaneous receipts (Rs. 6,47,470) constitute by far the greater portion of the total receipts (Rs. 6,79,586) from sources other than land rents. Collections on the whole were better than in the previous year. Little seems to have been done for the

recovery of debts in the Mailaraiganj estate, the collections being 20 per cent. only of the demand. In Ramnagar Dhameri the realisations on account of bazaars were also poor. The following extraordinary items of large amount are included in the miscellaneous income:—

		Rs.	
Ramnagar Dhameri	...	30,000	Compensation for land taken up by the Oudh and Rohilkhand Railway.
Narauli	...	50,000	Borrowed from Mailaraiganj estate.
Deokalia (nine annas share)	...	10,000	Borrowed from Rehwa estate.
Mansurgarh	...	5,850	Sale of Government promissory notes in order to lend Rs. 29,000 to Khajurahra estate, of which Rs. 3,100 and Rs. 3,600 were repaid to the respective estates during the year, and re-credited under this head.
Marwan	...	5,850	
Mullanpur	...	3,70,000	Borrowed from the Mandi State.
Musipur Chandipur	...	13,000	Borrowed from Bábu Narotam Das.
Udrehra	...	16,500	Credited by the talúqdár.

The loan contracted by the Musipur Chandipur estate was for the purpose of redeeming the mortgage of certain villages; but as the Commissioner remarks, the probable financial results of the measure should have been stated. In the accounts of the Khajurahra estate out of a loan of Rs. 13,000 negotiated, Rs. 5,632 only appear to have been credited under this head, the remainder having been paid direct to the creditors. In the receipts of the Kurwar estate a sum of Rs. 3,500, contributed by the Walipur estate which belongs to the same proprietor, is included.

The Deputy Commissioner of Kheri should not have omitted to give details of the large income under "Miscellaneous" in Khairigarh and Mullanpur (excluding in the latter estate the loan), especially as the collections were poor and the balances—a portion of which is said to be irrecoverable—large. Similarly there is an absence of details regarding the considerable balance uncollected in the Udrehra estate, Rs. 2,843, and in Bhiragobindpur (Rae Bareli), Rs. 2,130, except in the latter case with respect to a sum of Rs. 465, which is reported to be the value of mahua appropriated, like the profits of sár, by the talúqdárs. A reference is said to have been made to the Commissioner on the

subject : this source of income should either be excluded from the account in future, or the demand should be enforced. The receipts under this head of the Lakhanpur Birhar estate (Fyzabad) consist almost entirely of the proceeds of sale of indigo : the factory, however, is said to have been closed for want of funds. In the income of the Khapradih estate (Rs. 4,822) a sum of Rs. 3,644 remitted from Sultanpur, in which district a portion of the estate lies, is included, but no particulars regarding it are given. It appears, however, that the item has been unnecessarily entered in the accounts, as the same sum is shown under the head of miscellaneous expenditure, while the receipts from the Sultanpur portion of the estate are also debited to their appropriate heads.

10. The total assets of the estates, including opening balances both invested and uninvested, are shown in appendix III as Rs. 29,29,235 : the total expenditure amounted to Rs. 24,75,229, leaving a balance at the close of the year of Rs. 4,54,005, of which Rs. 1,92,756 were invested, and Rs. 2,61,249 uninvested : of the sum invested Rs. 55,500 stand in Government securities and Rs. 1,37,256 in other loans. Deducting the sum made over to proprietors on the release of their estates, (Rs. 1,35,638), the expenditure amounted to Rs. 23,39,591 as compared with the year's income of Rs. 24,79,305. The largest uninvested balances to the credit of estates at the close of the year were in Mailaraiganj (Rs. 81,556), Rehwa (Rs. 24,355), Pokhra Ansari (Rs. 14,768), and Khapradih (Rs. 12,897) : it is said that arrangements are being made for their investment, chiefly by loans to other estates or in Government promissory notes. The balance of Rs. 35,824 in Mullanpur should have been disbursed to the creditors of the estate.

11. The proportion of the income spent under each head of account is shown in the following statement; the percentages, however, of different years will not bear strict comparison owing to the inclusion in the income of certain years of extraordinary items of receipt, such as, for instance, the loan of Rs. 3,70,000 to the Mullanpur

Assets, expenditure, and
balances.

12. The demand on account of land revenue, cesses, and local rates was, as usual, paid in full. The expenditure on land revenue just fell short of 45 per cent. of the rental receipts. Cost of management absorbed 4·3 per cent. of the total income. The increase of the cost in the Bara Banki district is attributed to the appointment of a special manager; and in Rae Bareli and Partabgarh to the release of certain estates, which made the cost fall heavier on the remainder.

13. The personal expenditure, which in the above abstract is divided into maintenance and extraordinary expenses, amounted to Rs. 2,05,299, of which Rs. 50,965 are classed as extraordinary. Under the latter head marriages account for the larger items of expenditure: Rs. 10,000 were spent on this account in the Dahyawan estate. The cost of other ceremonies

and repairs to talúqdárs' houses are also included. It was remarked in the review for 1886-87 that Rs. 13,000 had been advanced during the last two years to the talúqdár of Pandriganeshpur for the betrothal of his son: a further sum of Rs. 3,500 was allowed during 1887-88, on account, it is said, of preliminary arrangements, which now appear to have nominally lasted three years, and cost up to date Rs. 16,500. The Deputy Commissioner remarks that the repairs to the Shah-zada's bungalow, the money for which was made over to him several years ago, have not yet been completed: while further sums are shown to have been disbursed for such repairs during 1887-88. Careful supervision of the extraordinary expenditure of this estate is evidently required. In the Khairigarh estate (Kheri) the personal expenses amounted to the large sum of Rs. 33,466, and here again the Deputy Commissioner has omitted to give any detail except in regard to two items, the larger of which (Rs. 3,031) was on account of medical attendance for the Rání.

14. A sum of Rs. 40,163 in all is debited to the head of legal expenses, of which Rs. 16,539 are recoverable and Rs. 23,624 irrecoverable: the expenditure in each class exceeds that of the previous year, as several of the estates were involved in heavy and costly litigation. The civil litigation is briefly reviewed by the Legal Remembrancer in his annual report; but short accounts, explanatory of the expenditure are also required, and have mostly been given in the reports submitted to Government by the Courts of Wards. Two appeals before the Privy Council, to which the Pokhra Ansari and Mailaraiganj estates were parties, were pending during the year. The talúqdár of Mahona is reported to have a personal appeal pending before the same tribunal to which the Court of Wards is not a party. The points raised by the Deputy Commissioner of Fyzabad regarding the procedure in civil suits in which Courts of Wards are concerned are for the consideration of the Legal Remembrancer in the first place, and should be separately referred for orders if necessary. The Kaithola estate, at considerable expense, successfully contested a

claim made against it for the whole estate. In Sultanpur also there were several important cases: the Court opposed with success the claim of Niamat Khan for possession of the Mahona estate and gained the suit for the redemption of 33 villages in the Bhadayan estate: the claim against the Kurwar estate, for the redemption of its share in mahál Karakhpur was pending at the close of the year. The Mahona estate (Sultanpur) lost one important civil suit and withdrew another to avoid defeat. Rupees 2,000 were finally expended in the Musipur Chandipur estate in compromising the claim for arrears of revenue, which had been long pending. The rent litigation of the year is described at length in most of the reports. But few notices of ejectment were issued—23 in all—of which 21 were issued in the Sultanpur district and two in Kheri, but nothing is said of the reasons for these notices. As has been repeatedly ordered, no such notice must issue without the express order of the Deputy Commissioner and without very special reasons, of the correctness and cogency of which he must thoroughly satisfy himself. The Deputy Commissioner gives a full account of the suits instituted for the possession and assessment to rent of certain land in the Khapradih estate: the litigation has terminated for the present in favour of the estate. Proceedings under the Rent Act were confined in the main to suits for arrears of rent. In a few districts rents were enhanced to the extent of one anna in the rupee by notices issued under section 39 of the Act; but in only one estate does the rent of an occupancy tenant appear to have been enhanced under section 33.

15. The total expenditure on the education of wards amounted to Rs. 11,888, varying from the small sum of Rs. 11 in the Madhpur estate (Partabgarh) to Rs. 2,000 in Marwan (Hardoi). Five boys were educated at the Agra Wards' Institute during the year, Rája Bhagwan Bakhsh of Pokhra Ansari, Bishambar Nath of Marwan, Shankar Bakhsh of Khajurahra, Munna Sahib of Rehwa, and Rája Partab Bahadur Singh of Kurwar. The Rehwa and Kurwar wards are reported to be making fair progress at the institute: the Deputy Commissioner intimates that the Khajurahra ward is unfortunately

subject at home to influences which counteract the benefit of his Agra education. Rájá Bhagwan Bakhsh of Pokhra is backward in his studies: it is to be regretted that in consequence of an oversight of Government orders the district authorities removed him from the Wards' Institute in July, 1888, and he is now being educated at the Nawábganj High School. The minor ward of the Dahyawan estate, aged 14, is said to have continued his studies at the Partabgarh zila school, but no expenditure is recorded under the head "education:" the estate has a rent-roll of Rs. 20,967, and there seems no reason why this boy as well as the ward of the Kaimahra estate, whom the Deputy Commissioner proposes to educate at the Lakhimpur High School, should not be sent to Agra. One ward, Anant Bahadur Singh of Khapradih, whose private tutor, a Bengali, appears to have been an unfortunate selection, has been educated at the Canning College since his removal from Agra. The misbehaviour of Bábu Randhir Singh of Musipur Chandipur is much to be regretted, and the Deputy Commissioner must arrange to exert a firmer control. The arrangements for the education of the ward of the Mailaraiganj estate, who for special reasons was not sent to Agra, were unsatisfactory, and the Commissioner should satisfy himself that proper arrangements have now been made: the total expenditure on education amounted to Rs. 369 out of a total income of Rs. 73,433. The evil effects of allowing a boy to remain at school at the head-quarters of the district close to his own home are illustrated by the poor result obtained in the case of the ward of Unchgaon Bhadaur, who is now 19 years old, and appears to be totally uneducated.

16. The total sum spent on improvements amounted to Rs. 60,838, or 2·4 per cent. of the income: of this sum Rs. 17,873 consisted of takávi advanced to tenants and is recoverable, the remainder (Rs. 42,965) being classed as irrecoverable. The percentage of irrecoverable expenditure on improvements proper was 1·7 per cent. only, as compared with 2·0 per cent. of the previous year. The largest expenditure occurred in Hardoi (Rs. 12,414), Bahraich (Rs. 10,259), and Sultanpur (Rs. 7,341); the districts which expended least are Fyz-

No notices of ejectment were issued. The debts at the beginning of the year stood at Rs. 4,854, which were reduced to Rs. 3,930. The minor is only six years old, and has not yet commenced his studies.

No. 21, Khairigarh (Court of Wards' Estate). Normal income Rs. 1,41,283; deficit on the 30th September, 1888, Rs. 1,03,661.

The rental demand for the year, current and arrears, was Rs. 1,51,252, of which Rs. 1,39,638, or 92·34 per cent., were realized. A sum of Rs. 11,500 was also collected in advance on account of the ensuing year. If this be added, the total collections aggregated 99·92 per cent. of the total demand—a result which may be considered satisfactory. The balance, Rs. 11,614, is made up of Rs. 1,828 on account of the current demand and Rs. 9,786 arrears of former years. Of the former Rs. 588 are said to be irrecoverable and Rs. 433 doubtful, and of the latter Rs. 5,339 irrecoverable and Rs. 2,990 doubtful. Proposals to strike off the irrecoverable balances are under submission. The Sarosa Estate in the Sitapur district held by Khairigarh under a deed of mortgage was redeemed during the year, and a sum of Rs. 49,892 on account of mesne profits was decreed against the estate. This sum has been added to the list of debts. As a set-off the estate holds a bond for Rs. 27,000 against some of the mortgagors; but as the Court did not allow this to be set off, the Legal Remembrancer has been consulted as to the institution of separate suits for the recovery of the money.

The demand from sources other than rent was Rs. 32,247. Of this Rs. 26,815 were collected, which left a balance of Rs. 5,432, of which Rs. 3,896 are said to be irrecoverable. On the whole, the collections were satisfactory. The debts during the year, principal and interest, stood at Rs. 1,60,389. This sum was reduced by Rs. 56,728, and at the close of the year the debt was—

ground that although a tenant will pay increased rent when he sees the well completed, he has not sufficient prudence and forethought to enter into a previous agreement: he maintains that the enforcement of the condition will practically put a stop to the construction of wells. A perusal of the remarks in the Review on the Court of Wards' Report for 1886-87 will show that the Government does not share this anticipation, and the disinclination to the execution of agreements is not reported to exist in other districts. The Government has no wish, when an estate is not heavily embarrassed, to check the construction of wells, such as those which have been sunk in the Hardoi district. Judicious sites were selected after boring, either far distant from present wells, or close to waste land which could be reclaimed, or upon which new hamlets could be built: a fair return is anticipated, and it is hoped will be realised. It may be remarked that land which is entirely under the control of the proprietors can frequently be found in which the construction of irrigation wells will be profitable, and in the large area where rent is received in kind an agreement for enhancement is of course unnecessary. In exceptional cases, where no such land is available, and where a return for the investment is practically assured, though no previous agreement can be obtained, the circumstances can be specially reported for the orders of the Government. Suits for enhancement, though not advisable, are possible as a last resort where there is a total failure to secure a reasonable return from an investment which has obviously benefited the tenants to a considerable extent. It is the reckless expenditure in embarrassed estates on wells that are doubtful of success that the Government desires to check. One instance of inconsiderate action in this respect was quoted in the Review for 1886-87, and the instances might be multiplied, especially from districts where, owing to changes, the administration of the officer in charge has not been continuous.

18. Colonel Horsford's remarks may be quoted:—

“No one can be so foolish as to make wells unless the absolute necessity for them for various reasons is evident, or the increased rents will in time be such as to warrant the expenditure. So far

as my experience goes, the danger lies in making small inferior wells which cannot last long, but are made because the authorities demand some visible signs of improvements on the estates. The wells that are being made will not only benefit the estate, but will benefit the district. The owners of these estates are having more than enough consideration paid to them in being pulled out of their difficulties and started afresh to get into debt again before long. The only benefit the country derives is that during the time such estates are under Government management, the tenants are not unduly harassed, and a few wells are made, which permanently benefit the place."

With Colonel Horsford's remarks those of some other managers may be compared. In the Kaimahra estate (Kheri district), two wells have been constructed at a cost of Rs. 1,309. The Deputy Commissioner writes:—

"I recently had an opportunity of inspecting the two completed wells, one has 28 feet of water, the other 22½ feet. They are capable of being worked by two "purs" at one time. No immediate profit will accrue to the estate therefrom. The tenants who will benefit are Kurmis, who have had yet but a short tenure of their lands. No previous arrangement was made with them as to rent, and it will not be practicable to enhance the rates at present."

In the Rehwa estate (Bahraich) Rs. 10,231 were spent on irrecoverable improvements: 17 wells were constructed, of which 12 were for irrigation, at a cost which is not stated. The Deputy Collector in charge of the estate writes:—

"Though by constructing irrigation wells in the Muraos' holdings no enhancement of rent has been enforced within the legal term of cultivation, yet after the expiry of this period the enhancement will take effect by-and-by. The sinking of wells has been carried on with a view to promote the cultivation of tobacco; and the result is that the tobacco of Katha Kishnapur surpassed those of other districts in Oudh."

19. For Sultanpur, the Commissioner submits a tabular statement from which it appears that 50 wells have been taken in hand, of which 31 are completed and 19 in course of construction. The District Engineer, Munshi Abdul Razak, is said to have given much assistance in supervising the work. Eleven embankments have been made to retain water for irrigation

purposes, and three tanks. In the Kurwar estate, moreover, 2,000 trees were planted, and attempts made to reclaim a small area of úsar. In some cases an increased rent has resulted from the provision of the means of irrigation, the tenants, it is said, having willingly agreed to an enhancement, and in others an increase is anticipated, though none has as yet been effected, as the wells were only completed at the close of the year. The final result should be noted in next year's report. In Bhadayān 10 wells are reported upon, of which six have been practically completed: the expenditure up to date has amounted to Rs. 4,305, and it is estimated that 240 bighas will be irrigated, giving an increase in rental of Rs. 350. In Pali, four wells have been built at a cost of Rs. 2,333, the return being estimated at Rs. 265 per annum. Few improvements were undertaken in Rae Bareilly or in Fyzabad: in the latter district the Khapradih estate has a large balance to its credit, but operations were chiefly confined to the completion of the wells commenced in the Sultanpur portion of the estate. In Bara Banki there will be doubtless more leisure and opportunity for making improvements in the coming year than there were during 1887-88. The account of the expenditure, Rs. 2,067, in the Dahyawan estate (Partabgarh) is unsatisfactory. In Kheri, a large area of waste was brought under the plough; settlers were encouraged, and inducements given for the cultivation of sugarcane. Muzaffarnagar wheat-seed was introduced and distributed in several estates; but is not popular, as it ripens later than the ordinary kind, and requires more irrigation.

20. Rupees 17,873 were advanced to tenants during

Takávi advances.

APPENDIX VI.

the year as takávi. As in the previous year, Kheri heads the list with Rs. 7,785, Bara Banki coming next with Rs. 5,177: in the former district no less than Rs. 6,490 were advanced to tenants for the purchase of plough-bullocks. It is noticed with satisfaction that with the help of advances a number of wells have been constructed in several estates: some sugarcane mills were also purchased. In most of the estates a few Bihia mills were purchased by the manager, and hired out to the tenants at low rates.

They are, as a rule, much appreciated, and with the extension of the cultivation of sugarcane there is no reason why the country mill should not entirely disappear in the estates as it has done throughout many districts of the North-Western Provinces. Estates might with advantage advance money for their purchase or, as the Deputy Commissioner of Bara Banki suggests, buy more mills and hire them out at a lower rate than at present asked, which would still give a very reasonable return for the investment. Estates might also arrange to undertake free of cost borings for tenants who wish to construct wells. In Bara Banki the cost of a boring was reduced to Rs. 10, and this form of assistance would doubtless be fully appreciated. More caution appears to be required in making advances: several instances are reported of the sums due being for the present irrecoverable, and in one estate suits are said to be necessary for their recovery. No interest appears to be demanded in Kheri and Bahraich, and in some estates of Rae Bareli and Partabgarh this is stated as a fact: in such cases the demands ought invariably to be realised with punctuality. The interest due on the total demand of the year fell at the average rate of 5·7 per cent. The rate of interest charged should be noted in the report for the current year. Six per cent. was the interest originally prescribed by Government. In his report on the Kurwar estate, Thákur Salehdi Singh asserts that cultivators prefer going to the village money-lender for a loan than to either Government or the Court of Wards for takávi. One of the reasons he gives for the paucity of applications to the Court of Wards for takávi is that the estates charge the borrowers with the stamp duty and cost of registration of the bond, which they have not to pay in case of a Government loan. These expenses ought, however, to be compensated for by the lowness of the rate of interest, if any, which is fixed.

21. The miscellaneous expenditure amounted to Rs. 3,41,511. It included disbursements of the pay of patwáris and chaukidárs as well as many exceptional charges. The expenditure in the Rae Bareli district includes a sum of Rs. 1,11,563, balances made over to the

owners on the release of their estates. In the Mailarai-ganj estate Rs. 5,838 are said to be payment of net profit of mortgaged villages to Kharka estate, and Rs. 8,700 were apparently invested in loans. In the Kheri district but few details are given of the expenditure under this head. The sums entered against Marwan, Mansurgarh, and Rehwa apparently include Rs. 16,000, Rs. 13,000 and Rs. 10,000 respectively, lent to other estates. The overlooking of the orders of July, 1888, in which the sale of the elephants of the Ramnagar estate was sanctioned, and which involved an expenditure of Rs. 2,157 on their keep, is not creditable to the manager. The Kuri Sadauli estate includes a sum of Rs. 3,381 on account of repayment of takávi taken from Government, which should have been shown under the head of debts.

22. The statistics of the previous year under the
 Payment of debts. head of debts have been consider-
 APPENDIX VII. ably affected by the addition of several heavily embarrassed estates taken under management during the year in the Bara Banki district. Special measures were under consideration for the consolidation and gradual liquidation of the debts in the Ramnagar Dhameri, Narauli, Surajpur, and Kaimahra estates. The Ramnagar estate meanwhile borrowed during the year a sum of Rs. 50,000 from the Mailarai-ganj estate, with which it paid a small portion of its debts which bore the highest interest. The Deputy Commissioner succeeded in negotiating with the Mandi State a loan of Rs. 6,57,000 at 7 per cent. on behalf of the Mullanpur estate: Rs. 3,70,000 were received from the Rájá of Mandi during the year, and a total sum of Rs. 4,26,909 was devoted to the payment of the original debts.

23. In the whole of the estates of the Province the amount due during the year on account of principal and interest was Rs. 45,76,293, which was reduced to Rs. 36,34,353 by the payment of Rs. 8,66,557, and the remission by the creditors of Rs. 75,383: of the latter sum Rs. 74,814 were remitted in the Mullanpur estate alone. Of the total payments Rs. 4,20,425 were paid out

of ordinary income, and Rs. 4,46,132 from other sources, *i.e.*, with money borrowed elsewhere or contributed by the talúqdárs. In the seven encumbered estates the interest due was paid in full, and the principal reduced to Rs. 1,60,693. There are only two, Sarwan Baragaon and Bahua, in which the debts are still heavy. Several cases are noticed in Court of Wards' estates, especially in Kheri and Bara Banki, where interest has been left unpaid, when money was apparently available for the purpose, but was devoted instead to the reduction of the principal. No explanation has been submitted. The Khajurahra estate (Hardoi) was able to pay Rs. 48,493 in all towards its debts by borrowing Rs. 29,000 from Marwan and Mansurgarh. The Deokalia estate (nine annas share) borrowed Rs. 10,000 from Rehwa for the same purpose. In the Rae Bareli district the progress made in the payment of the debts was satisfactory. The Kurwar estate (Sultanpur), whose liabilities stood at Rs. 2,34,005 when management was assumed eighteen years ago, is now almost free from debt: the payments made during the year have reduced the debt to Rs. 7,433 only. The debts of the Kaithola and Udrehra estates, which originally amounted to Rs. 58,391 and Rs. 67,546 respectively, were paid off entirely by the close of the year, the talúqdár of the latter estate contributing Rs. 16,500 towards the liquidation. The Behra, Mamrezpur, and Behti Chiragpur estates were also freed from debt. The debts of the Kunera and Bhiragobindpur estates require very careful attention.

24. The crops appear on the whole to have been above the average. Cattle-disease was unfortunately prevalent in the estates of the Kheri district and cholera in those of Fyzabad and Sultanpur. The Deputy Commissioner of Fyzabad proposes that for the benefit of the tenants a dispensary be maintained at Haidarganj by the Kurwar, Khapradih, and Sihipur estates: a separate report on the subject is promised by the Commissioner. At the suggestion of Major Barrow a system of branding cattle, with a view to the prevention of theft, has been adopted in the Bara Banki district, and is said to be advantageous. It is not creditable to the

district officials that the false entries in the pátwaris' books of the Ramnagar estate should have hitherto escaped detection: assets "are reported to have been concealed to an enormous extent." The nature of the fraud has not yet been stated in full: the Deputy Commissioner promises a searching inquiry, the results of which he will of course report, and it is presumed that those who are directly responsible have been brought to account. Mr. Cockburn's testimony to the good relations existing between landlord and tenant in the Bara Banki district has been noticed with satisfaction. He writes:—

"The tenantry in this district are, as a rule, the most orderly and well-behaved it has been my good fortune to be thrown among. This is no doubt in a great measure due to their excellent treatment by the talúqdárs, who do not appear as prone to rack-renting as the zamíndárs about the districts of Agra, Etah, Aligarh, and the vicinity. There is still a feeling of affection and confidence between the old talúqdári families and their tenantry that I never had the pleasure of remarking in the tracts of country I mentioned between zamíndár and tenant. The landlord there (where it must be admitted the revenue is higher) has in his composition more of the speculating investor in lands, anxious to get as high interest for his money as possible, than there is here."

Colonel Grigg also remarks that rack-renting is not practised to any great extent, and that the prosperity of the tenants is evidenced by their large dealings in grain with other districts. Mr. Robinson, in writing of the Kurwar estate, reports as the effect of the new Rent Act (XVII of 1886), that from January, 1887, the annual increase to the rent-roll began to fall off, and that the tenants having obtained statutory privileges are not careful to pay their instalments of rent on due dates. This is not an experience common in other districts, to judge from the information furnished in the Revenue Reports, and the Lieutenant-Governor regrets to find so little said by the Estate-managers of the effect of the Act upon the circumstances and relations of their tenantry. He will expect a careful and full record of their experience and observations in the reports for the current year.

25. The following eight estates were released from management:—

Estate.				Rental.	Date of release.
ENCUMBERED.					
				Rs.	
Kaithola	31,907	1st October, 1888.
COURT OF WARDS.					
Gaura Kasaiti	78,295	9th March, 1888.
Korihar Sataon	78,195	6th February, 1888.
Kuri Sadauli	64,370	1st September, 1888.
Udrehra	41,064	30th September, 1888.
Pali	17,796	16th December, 1888.
Behra	2,090	15th March, 1888.
Mamrezipur	1,982	Ditto.

The four principal estates were situated in the Rae Bareli district. The estates of Kuri Sadauli, Korihar Sataon, and Pali were handed over to the wards on their attaining their majority. In the eight estates released the rental was increased during the years of management by Rs. 50,846 owing to purchases of land and the completion of improvements: debts to the amount of Rs. 4,34,739 were paid off, and the estates had Rs. 1,35,638 to their credit on being restored to their owners. The Korihar Sataon estate had been under Government management for 20 years, during which the rental increased from Rs. 59,077 to Rs. 78,195, and the balance in hand at the close of this period (Rs. 68,315) corresponded closely to the amount of the debts in 1866. The Kuri Sadauli estate had been managed for 17 years, the Kaithola estate for 16, and the Pali estate for 13. A short account of the result of the management during these periods is given in appendix A.

26. The Government has noticed in some particulars a want of uniformity in the reports which leads to needless repetition, or omissions, especially where

estates lie in more than one district. For one district Government has received—(1) a general report by the manager on the estates in his charge; (2) a separate report, by the manager for each estate; (3) a review by the Deputy Commissioner of the manager's general report, together with remarks on each estate separately. In another case all that has been submitted to Government is merely a brief general report: where estates are situated in two districts, sometimes two separate reports, one on account of each portion of the estate, have been submitted by the Deputy Commissioner of the district in which the main portion of the estate is situated, and sometimes the Deputy Commissioner of the district in which the minor portion of the estate lies submits to Government a report regarding the portion of the estate managed by him. It should be understood that Government requires for all estates, whether situated in one or more districts, one detailed report by the manager which, it may be remarked, should be written on half margin, on the management of each estate as a whole: in addition to remarks on each estate general remarks may be made by the Deputy Commissioner regarding the whole of the estates in his district if he pleases, but they should be as brief as possible.

27. The estates were in the charge of the following officers during the year:—

Bara Banki	...	{ Major Barrow, Deputy Commissioner.
		{ Mr. W. Cockburn, General Manager.
Sitapur	...	Mr. Butts, Deputy Commissioner.
Hardoi	...	{ Colonel Horsford, ditto.
		{ Mr. J. E. Gill, ditto.
Kheri	...	Lieutenant-Colonel Cowie, ditto.
Fyzabad	...	Mr. A. Robinson, ditto.
Bahraich	...	{ Lieutenant-Colonel Harrison, ditto.
		{ Pandit Janki Parshad, Deputy Collector.
Rae Bareli	...	{ Mr. Chapman, Deputy Commissioner.
		{ Mirza Humayun Kadr, General Manager.
Sultanpur	...	{ Mr. J. Sanders, Deputy Commissioner.
		{ Mr. J. L. Denniston, ditto.
•		{ Thákur Salehdi Singh, Deputy Collector.
Partabgarh	...	{ Mr. Chapman, Deputy Commissioner.
		{ Mirza Humayun Kadr, General Manager.

Mr. Cockburn took charge of the Bara Banki estates in May, 1888, and, as Lieutenant-Colonel Grigg remarks, had a hard task to perform in arranging and reporting on an enormous mass of debts in extensive estates newly taken under management. He had little time or opportunity for devising and commencing improvements, but it is hoped that these will now be taken in hand by his successor. From Colonel Grigg's report it seems that wells are badly required. Colonel Horsford and Mr. Robinson have both submitted good reports, which bear evidence of a careful and profitable management of the estates in their respective districts. The reports from Kheri are in some respects wanting in detail. Thákur Salehdi Singh's excellent management of the Sultanpur estates is noticed with satisfaction: he also compiled very creditable reports of the large estates in the Rae Bareli and Partabgarh districts, to the charge of which he has been transferred since the close of the year, though his information was not always complete, as Mirza Humayun Kadr, who had been in charge during the year, left no memoranda for his successor.

28. The list of benevolent endowments and miscellaneous trusts is the same as in 1886-87. The statistics for all the funds as compared with those of the previous year are as follows:—

				1887-88.	1886-87.
				Rs.	Rs.
Opening balance	35,057	40,745
Receipts	50,622	71,084
Total				85,679	1,11,829
Expenditure—					
(a) Balance paid on account of previous year	2,334	3,573
(b) For trust purposes	52,620	56,565
(c) For other purposes	13,428	15,541
Total				68,382	75,679
Closing balance	17,297	36,150

The total opening balance was less by Rs. 1,093 than the closing balance of the previous year. This was due to the closing balance of the Balrámpur Hospital not having been brought forward owing to the new system introduced with effect from the 1st April, 1887, under which the institution will be aided in future by the grant of the pay of the Assistant Surgeon, Rs. 2,400 per annum, the income from the endowment sufficing for all other expenditure. The principal feature of the year's administration of the trusts is the nominal decrease in income caused by the failure to realise the full interest on the Government securities belonging to the Lucknow endowments, the total outstandings on this account at the close of the year amounting to Rs. 20,215: as a consequence many pensioners of the New Charity Fund were not paid their pensions throughout the year, and debit balances of Rs. 10,225 and Rs. 201 respectively are recorded against the King's Hospital and Baillie Fund at the close of the year. The delay is attributed to the Comptroller-General, but it is difficult to understand how a whole year was allowed to elapse in arranging for the re-endorsement of notes or other preliminaries to payment, and it is hoped that satisfactory arrangements have been made for the future. The New Charity Fund, which invested Rs. 5,000 in promissory notes in the previous year, had the large balance of Rs. 9,063 in hand on the 30th September, 1888: the pensioners were less by 39 than in the previous year, and in these circumstances a large reduction of the Government grant of Rs. 14,000 appears possible. It is observed that the Committee have proposed a reduction of Rs. 1,800 per annum from 1st April, 1889. The proposals made in 1888 for the sale of the building occupied by the Yunáni hospital and the transfer of the institution to a more convenient site should not be lost sight of.

While the receipts of the Dargáh Saiyid Salár fell off by Rs. 3,759 under the heads of house rent and cash offerings at the shrine, the expenditure exceeded that of the previous year by Rs. 4,325. The total Government securities held by these trusts are of the value of Rs. 9,78,900.

The return of educational endowments of which that of Canning College is the chief, contains the same seven endowments as in 1886-87. The total assets amounted to Rs. 1,29,010, of which Rs. 54,984 were expended in carrying out the wishes of the founders and Rs. 14,082 on other charges, leaving a balance of Rs. 59,944 at the close of the year.

By order, &c.,

J. WOODBURN,

Chief Secy. to Govt., N.-W. P. and Oudh.

The 24th August, 1889.

APPENDIX A.

BARA BANKI DISTRICT.—Officer in charge, Major F. Barrow, Deputy Commissioner: and Mr. W. Cockburn, General Manager.

BARA 1

No. 1, Pokra Ansari (formerly Encumbered, now Court of Wards' Estate). Normal income Rs. 59,581; credit balance on the 30th September, 1888, Rs. 14,769.

The rental demands for the year, current and arrears, were Rs. 61,335, of which Rs. 59,948 were realized, leaving a balance of Rs. 1,387. Of this balance Rs. 39 are on account of the current demand and Rs. 1,348 on account of previous years. Rupees 503 of the latter are irrecoverable and have been struck off, the remainder being in course of collection. The collections from sources other than rents were also good. Of a demand of Rs. 4,936, Rs. 4,555 were realized. In the matter of improvements a sum of Rs. 3,112 was advanced to tenants for the construction of 21 wells (of which 18 have been completed), the purchase of a cane-mill, a sugar boiler, and plough-cattle. The tenants themselves constructed five wells without assistance. The estate spent Rs. 1,631 on the construction and repairs of roads, the planting of trees on roadsides, and the formation of an orchard on 30 bighas of what was once waste land. Twenty-eight borings were also effected, at a cost of Rs. 280. No notices of ejectment were issued during the year. The young Rája has been withdrawn from the Wards' Institution at Agra, and is continuing his studies at the Nawábganj High School, while at the same time he is getting an insight into the management of his estate.

No. 2, Kharka (Court of Wards' Estate). Normal income Rs. 24,934; deficit on 30th September, 1888, Rs. 40,000.

The current rental demand of Rs. 24,934 was collected, with the exception of the small sum of Rs. 122,

BANKY, which is said to be in arrear owing to the failure of the crops of a few of the tenants. Of the balance of previous years, Rs. 1,070, Rs. 768 were realized: Rs. 136 have been struck off as irrecoverable, and the balance is in course of collection. The collections from "other sources" were also good: Rs. 1,971 out of a demand of Rs. 2,114. The estate has now a credit balance of Rs. 19,544 towards the payment of the mortgage debt of Rs. 40,000 when it falls due, of which Rs. 7,244 are shown as uninvested. A sum of Rs. 175 was advanced to two tenants for the construction of two wells, both of which have been completed, and Rs. 190 to other tenants for the purchase of plough-cattle. Rupees 402 were paid for 12 boring experiments carried out in the previous year. The new sugar-mills are now in general use in this estate. No notices of ejectment were issued. The estate was engaged in four civil and rent suits, of which it gained three and lost one.

*No. 3, Togapur Yakutgang (Court of Wards' Estate).
Normal income Rs. 5,700; deficit on 30th September,
1888, Rs. 40,580.*

The estate has been leased to the Talúqdár of Jahán-gírabad for Rs. 5,700 per annum, and this sum was collected in full. The debt due to Government was reduced from Rs. 43,080 to Rs. 40,580.

*No. 4, Bhilwal-Sikandarpur (Court of Wards' Estate).
Normal income Rs. 68,125; deficit on the 30th Sep-
tember, 1888, Rs. 1,10,690.*

The rental demand for the year, Rs. 68,125, was realized, with the exception of Rs. 31. Of the outstanding balance of previous years, Rs. 1,058, only a sum of Rs. 192 was collected. Of the balance, Rs. 866, Rs. 97 have been struck off as irrecoverable, Rs. 409 are doubtful, and the remainder is being collected. The demand from "other sources," Rs. 3,115, was collected in full. Rupees 1,700 were advanced to tenants for sinking wells: 21 of these were completed, and two are under construction. Rupees 222 were spent on borings and Rs. 372 repaid to Government on account of a takávi loan. The

debts during the year stood at Rs. 1,22,400 principal, and interest Rs. 10,400. The former was reduced to Rs. 1,08,922, and the latter to Rs. 1,768. At the present rate of payment it is expected that the estate will be clear of its encumbrances in about seven years.

No notices of ejectment were issued. The estate was concerned in eight original rent suits and six appeals, all of which were decided in its favour.

No. 5, Amirpur (Court of Wards' Estate). Normal income Rs. 23,000; deficit on the 30th September, 1888, Rs. 72,430.

The rental demand for the year was Rs. 23,011, of which Rs. 22,936 were collected, leaving a balance of Rs. 75. Of this balance Rs. 18 are irrecoverable and have been struck off. The balance on account of previous year, Rs. 25, was collected in full. The demand from "other sources," Rs. 444, was collected, all but Rs. 13.

A sum of Rs. 50 was given to a tenant for the construction of a well, and another tenant made a well at his own expense.

The debts during the year stood at Rs. 82,430, principal and interest. The amount paid was Rs. 10,000, and at the close of the year the account stood thus:—

				Rs.
Due on account of principal	70,969
Ditto interest	1,461
				<hr/>
		Total	...	72,430

The interest accrued should invariably be paid in full. The debt is due to the Allahabad Bank, and it is expected that the whole will be paid off in 14 years, or a year before the Ward attains his majority. No notices of ejectment were issued, nor was the estate engaged in any litigation.

No. 6, Mailaraiganj (Court of Wards' Estate). Normal income Rs. 90,435; credit balance on the 30th September, 1888, Rs. 1,31,556.

On the death of the Talúqdár, Nawáb Ali Khan, this estate was taken under the management of the

Court of Wards on the 30th November, 1887, owing to the minority of his son and successor, Shaikh Naushed Ali Khan, who was born on the 12th January, 1875. The rental demand for the period of the year the estate was under management was Rs. 67,995, of which Rs. 66,926, or 98·42 per cent., were collected. Of the balance, Rs. 1,069, a sum of Rs. 431 is considered doubtful of collection owing to the poverty of the tenants. A balance of Rs. 18,922 on account of previous years was found outstanding on the books of the late Talúqdár, of which Rs. 865 only were realized, leaving a balance of Rs. 18,057, accounted for thus:—

				Rs.
Secured under instalment bonds	693
Ditto decrees of Court	188
Suits filed for	113
Recoverable	1,510
Old balances	15,553

The Commissioner has directed that the last item be carefully scrutinized, and a special report submitted. The demand from "other sources" was Rs. 10,186, of which Rs. 5,643 were realized, leaving a balance of Rs. 4,543. A portion of the balance is secured under decrees, but recovery is barred by limitation in respect of some Rs. 600.

In the matter of improvements, Rs. 400 were spent on excavating a water-course, and Rs. 77 paid to a tenant for a well made by him. Of the 17 civil and rent suits in which the estate was concerned, it lost two, gained 10, and five are pending. No notices of ejectment were issued.

The minor, a lad of 14 years, though very corpulent when the estate was first taken under management, is said to have greatly improved under a fixed regimen laid down by the Civil Surgeon and active exercise. He was unable at first to walk up a flight of stairs, but he can now play a game of tennis. He is being educated in both English and Persian, and is fairly advanced in both.

No. 7, *Ramnagar (Court of Wards' Estate)*. Normal income Rs. 2,65,713 ; deficit on the 30th September, 1888, Rs. 6,82,032.

BARA B

This large estate was taken under the management of the Court of Wards on the 3rd April, 1888, owing to the heavy liabilities of the Taluqdár, Rájá Sarabjit Singh, and his incompetence to manage, due to infirmities and old age. The rent demandable for the half-year the estate was in charge was Rs. 69,758. Of this Rs. 59,456 were collected, and the remainder, Rs. 10,302, is under investigation, as the greater portion of this is said to have been paid to the Rájá's agents before the estate came under management. The demand on account of rent due for former years was Rs. 13,023, of which Rs. 5,338 were collected. Of the balance, Rs. 7,685, a sum of Rs. 4,979 is secured by decrees of Court, and Rs. 2,706 are said to be inexplicable owing to the confused state of the former accounts of the estate: these are now being enquired into: and when settled, proposals will be submitted for the remission of all sums found to be irrecoverable. The demand from sources other than land-rents was Rs. 35,275: it includes a sum of Rs. 30,000 recovered from the Oudh and Rohilkhand Railway Company for land taken up. The collections amounted to Rs. 33,127, and the balance, Rs. 2,148, is in course of realization.

No improvements were made, nor advances given to tenants, during the short time the estate was under management. No notices of ejectment were issued; but the estate was engaged in two civil and 34 rent suits. Of the former it gained one and lost one, and of the latter it gained 33 and one is pending.

The debts of the estate when taken under management were estimated at—

Principal	Rs. 5,82,965
Interest	1,00,871
			Total	...	<u>6,83,836</u>

Of this only Rs. 1,803 were paid off during the year.

A BANKI.

A scheme has been sanctioned for the consolidation of the debts, and when this has been carried out, it is expected that the liabilities will be cleared off in about 12 years from the annual surplus, which is estimated at Rs. 80,000.

No. 8, Narauli (Court of Wards' Estate). Normal income Rs. 64,179; deficit on the 30th September, 1888, Rs. 2,71,339.

The Talúqdár of this estate, Saiyid Sajjaad Husain, died on the 3rd November, 1887, and he was succeeded by his brother, Irshad Husain, only two years old. The estate was attached for arrears of revenue on the 7th November, 1887, and the Court of Wards assumed charge on the 7th May, 1888, owing to the mismanagement of the guardian and father of the minor Talúqdár.

The rental demand for the period the estate was under management was Rs. 29,801. This was realized all but Rs. 29. The demand for past years was Rs. 224, which was collected in full.

The demand from "other sources," which includes a sum of Rs. 50,000 borrowed from the Mailaraignanj estate, was Rs. 52,759, which was collected, with the exception of Rs. 30.

No improvements were taken in hand nor advances made to tenants owing to the embarrassed circumstances of the estate. No notices of ejectment were issued, and the two rent suits in which the estate was concerned are still pending.

The debts of the estate are set down at Rs. 2,70,000. A sum of Rs. 50,000 was borrowed from the Mailaraignanj estate with which to pay off the more pressing claims, and arrangements are being made as regards the balance, Rs. 2,20,000. The estimated annual surplus is expected to be Rs. 26,600, and if this can be maintained, the debts will be cleared off in about 16 years, or three years before the young Talúqdár attains his majority.

No. 9, *Surajpur (Court of Wards' Estate)*. Normal income Rs. 1,64,870; deficit on the 30th September, 1888, Rs. 7,94,479. BARA

This estate was taken under the management of the Court of Wards on the 7th May, 1888, in the interests of the minor Talúqdár, Pirthi Pal Singh, a boy eight years old. The mother of the minor was appointed guardian by the will of her late husband; but as the property was being mismanaged and becoming heavily involved, the Court of Wards intervened and assumed charge.

The current demand for the five months the estate was held in charge was Rs. 34,558, and Rs. 32,065 of this sum were collected, which left a balance of Rs. 2,493.

The demand on account of former years amounted to the large sum of Rs. 81,123, of which only Rs. 5,965 were collected. The remainder, Rs. 75,158, is thus accounted for:—

	Rs.
Secured under decrees	3,594
Supposed to be recoverable, but not collected owing to confusion in the accounts and poverty of defaulters	6,910
Believed to be irrecoverable and barred by limitation	64,654
Total	<u>75,158</u>

These accounts are being looked into carefully.

The demand from "other sources" was Rs. 1,446, of which Rs. 1,358 were collected, leaving a balance of Rs. 88, which is due on account of rent of houses.

No improvements were taken in hand, nor were advances made to tenants owing to the embarrassments of the estate.

The estate was concerned in three civil and 16 rent suits. The former are still pending; and of the latter, one was compromised, 12 decided in favour of the estate, and three are pending.

A BANKI,

The debts of the estate as at present reported are—

Principal	Rs. 6,74,160
Interest	1,20,319
			Total	...	<u>7,94,479</u>

But it is expected that they will amount to about Rs. 8½ lakhs when all claims are received. Arrangements are being made for consolidating the debts and the payment of the debts bearing high rates of interest. A large reduction is expected if compromises on cash payments can be effected, the cash being obtained by loans bearing a reasonable interest.

PUR,

SITAPUR DISTRICT.—Officer in charge, Mr. H. H. Butts, Deputy Commissioner.

No. 10, Bajehra (Court of Wards' Estate). Normal income Rs. 14,161; deficit on the 30th September, 1888, Rs. 49.

The rental demand, current and arrears, was Rs. 14,200, of which a sum of Rs. 12,024, or 84·67 per cent., was collected. The balance, Rs. 2,176, is on account of the current demand only. The whole sum is due by one man, who has held the lease of a large portion of the estate for many years. The lease has fallen in, and will not be renewed. The amount due has been secured by a decree, and will be recovered from him or his surety. Of the income, Rs. 1,155, from "other sources," Rs. 1,011 were realized. In the matter of improvements, Rs. 75 were expended on establishing three hamlets, Rs. 620 on the construction of two wells, and Rs. 278 in making platforms to four wells; Rs. 190 were also advanced to tenants. No notices of ejectment were issued during the year. The debts of the estate were cleared off last year, with the exception of Rs. 49 due to a creditor who cannot be found: the debt will now be struck off the books. Proposals for redeeming a valuable portion of the estate which is said to be mortgaged for Rs. 65,000 are still under the consideration of the Legal

Remembrancer. The property will continue under the management of the Court of Wards as the owner is an idiot.

SITAP

No. 11, *Deokalia, nine annas share (Court of Wards' Estate). Normal income Rs. 11,599; deficit on the 30th September, 1888, Rs. 23,764.*

The rental demand, current and arrears, was Rs. 12,202, of which Rs. 11,577, or 94·87 per cent., were realized. Of the balance Rs. 625, a sum of Rs. 21 has been struck off as irrecoverable: the remainder is in course of collection. The income from "other sources" was Rs. 10,947, which includes a sum of Rs. 10,000, borrowed to pay off a portion of the debts of the estate. Rupees 10,859 were collected, leaving a small balance of Rs. 88. A sum of Rs. 100 was advanced to tenants, and Rs. 510 expended on improvements. A well was built, costing Rs. 297, and two platforms to wells were constructed for Rs. 75 each: the balance was spent on establishing two hamlets and the construction of an embankment. Some 2,200 babul trees and 200 bamboos were also planted. No notices of ejectment were issued during the year. The debt was reduced from Rs. 27,939 to Rs. 23,764 principal: all interest due during the year was paid in full. It is expected that the estate will be free of its encumbrances in another six years.

No. 12, *Deokalia, seven annas share (Court of Wards' Estate). Normal income Rs. 7,717; deficit on the 30th September, 1888, Rs. 31,015.*

In this portion of the Deokalia estate the rent collections were also good. Of a demand, current and arrears, of Rs. 8,133, Rs. 7,736 were realized. Of the balance Rs. 397, a sum of Rs. 121-8-0 has been struck off as irrecoverable. The income from "other sources" was Rs. 680, of which Rs. 617 were collected. As regards improvements, Rs. 389 were expended in the construction of wells and Rs. 80 on the repairs of the houses of tenants. No notices of ejectment were issued during the year. The debt was reduced from Rs. 33,015 to Rs. 31,015 principal: all interest due was paid. At the present rate of payment the estate will not be free of encumbrances for another fifteen years.

HARDOI DISTRICT.—Officer in charge, Colonel N. M. T. Horsford, Deputy Commissioner.

No. 13, *Sarwan Baragaon (Encumbered Estate)*. Normal income Rs. 34,759; deficit on the 30th September, 1888, Rs. 66,700.

The rent collections during the year were very good. Of a total demand of Rs. 34,999, current and arrears, Rs. 34,881 were collected, or 99·69 per cent. Of the balance Rs. 118, a sum of Rs. 72 was collected after the close of the year: and Rs. 11 have been remitted as irrecoverable, the actual balance, Rs. 35, being in course of realization. The collections on account of income from "other sources" were also good, Rs. 2,296 having been realized out of a demand of Rs. 2,326. A sum of Rs. 279 was advanced to tenants; Rs. 2,810 were expended on improvements. Four new wells were constructed by the estate, and three kachcha-pakka wells were made by tenants from funds given by the estate. New tenants were settled in hamlets, and trees were planted. No notices of ejectment were issued. Rupees 9,395 were paid on account of principal and interest due on the Government debt. The principal was reduced from Rs. 72,550 to Rs. 66,700.

No. 14, *Durgaganj (Encumbered Estate)*. Normal income Rs. 7,742; deficit on the 30th September, 1888, Rs. 5,600.

The rental demand, current and arrears, was Rs. 8,064, of which a sum of Rs. 7,886, or 97·79 per cent. was realized. Of the balance, Rs. 178, only Rs. 29 are on account of the current demand. A sum of Rs. 2-4-0 has been remitted as irrecoverable from the arrears demand. The income from "other sources," Rs. 337, was collected in full—a very satisfactory result. The principal of the debt was reduced from Rs. 6,937 to Rs. 5,600, and the interest for the year, Rs. 334, was paid in full. Rupees 100 were advanced to tenants and Rs. 713 expended on the construction of a large pakka well. With reference to the remark in the last year's report, in which the Deputy Commissioner was asked to state in his pre-

sent report the increase to rental this well would bring in, he explains that he expects at least 110 pakka bighas of khām land will be irrigated from it, and the rental will be increased by Rs. 115 in a few years. Four *pūrs* can be worked at it at the same time, and it is expected that the well will repay itself in six years. No notices of ejectment were issued.

HARDO

No. 15, Baghiari (Encumbered Estate). Normal income Rs. 10,923 ; deficit on the 30th September, 1888, Rs. 3,119.

The rent collections were excellent, being 99 per cent. of the total demand, current and arrears. The demand was Rs. 11,749, and Rs. 11,611 were collected. Of the balance Rs. 138, a sum of Rs. 55 has been remitted as irrecoverable. The income from "other sources," Rs. 643, was collected in full. Advances were made to tenants to the extent of Rs. 200. Rupees 938 were expended on two wells. Of this Rs. 131 were expended on completing the well referred to in the last review. It has cost Rs. 912 altogether. The immediate result will be an increase of Rs. 75 to the annual rental, or a little over 8 per cent. Besides, some culturable land in the vicinity will be broken up and brought under the plough, and it is expected that this land will eventually yield Rs. 200 rental. The other well cost Rs. 807, and irrigation from it will yield eventually from Rs. 100 to Rs. 125 in addition to the present rental. No notices of ejectment were issued. The debt due to Government was reduced from Rs. 6,250 to Rs. 2,700, and Rs. 281 were paid on account of interest. There is also a sum of Rs. 419 due to the Durgaganj estate. It is expected that the debts will be paid up in full and the estate released from management during the current year.

No. 16, Mansurgarh (Court of Wards' Estate). Normal income Rs. 12,524 ; credit balance on the 30th September, 1888, Rs. 20,163.

The rental demand shows a small increase of Rs. 189 on that of last year. The total demand, current and arrears, was Rs. 12,587, which, with the exception of the

small sum of Rs. 133, was collected. The income from "other sources," Rs. 13,913, was also collected in full—a very satisfactory result. The large receipts from "other sources" is accounted for by repayments of the instalments due with interest on account of loans made from the estates surplus funds. Rupees 100 were advanced to tenants and Rs. 2,548 expended on improvements. Four platforms were made to former wells. Four new wells were constructed, which had to be carried to a great depth before proper springs could be found; but the increase to the rental by irrigation from these wells will give a good return for the money laid out. A tank was dug at a cost of Rs. 100, and new shops were added to a bazaar. No notices of ejectment were issued.

No. 17, Marwan (Court of Wards' Estate). Normal income Rs. 15,673; credit balance on the 30th September, 1888, Rs. 29,335.

The rental demand for the year shows a small increase of Rs. 236 compared with last year. The entire demand for the year, current and arrears, Rs. 15,737, was collected in full, and the income from "other sources," Rs. 12,567, was also realized in full—an excellent result. The income under the latter head is comprised largely of repayments on account of loans made by the estate and the interest due thereon. A sum of Rs. 199 was advanced to ten tenants for the purchase of plough-cattle, and Rs. 3,474 were expended on improvements. A grove was purchased, two pakka wells were completed with the exception of the platforms, and four other wells have been commenced. Experimental borings were made in seven places before sites could be found for these new wells. A surki mill was also purchased. These new wells are being constructed in two villages, which at present have no wells for irrigation, and a fair return on the amount to be expended is expected. No notices of ejectment were issued.

No. 18, Behti Chiragpur (Court of Wards' Estate). Normal income Rs. 1,653; credit balance on the 30th September, 1888, Rs. 160.

The rental demand for the year, Rs. 1,653, was collected in full. There were no outstandings on account

of previous years. The income from "other sources," Rs. 204, was also realized in full. A sum of Rs. 100 was advanced to eleven tenants for the cultivation of sugarcane. The debt, Rs. 300, due at the close of last year, has been paid up in full, and the estate has now Rs. 160 to its credit. The well referred to in the last report, which was estimated to cost Rs. 900, has been finished for Rs. 650. This estate is much in want of wells, and as it is now free of debts, experiments will be made with the boring apparatus to ascertain sites where wells can be sunk as money is available. No notices of ejectment were issued during the year.

No. 19, Khajurahra (Court of Wards' Estate). Normal income Rs. 61,941 ; deficit on the 30th September, 1888, Rs. 64,414.

The current rental demand for the year shows an increase of Rs. 6,291, of which no less than Rs. 5,708 is from the Bahora portion of the estate in the Sitapur district. No explanation has been given by the Deputy Commissioner of Sitapur to account for this, and a report on the matter should be submitted. The demand, current and arrears, was Rs. 63,293. Of this Rs. 60,962, or 96·34 per cent., were collected ; of the balance, Rs. 2,331, a sum of Rs. 1,075 is due by the Hardoi portion of the estate and Rs. 1,256 by the Sitapur portion. The balance in the latter district is said to be owing to floods, though the Deputy Commissioner thinks they were not more than normal. A sum of Rs. 36 has been remitted as irrecoverable. In Hardoi, the balance is due to recalcitrant tenants. Steps have been taken for the recovery of the different sums, and more than half the balance has been recovered since the close of the year. Of the demand, Rs. 9,333, on account of income from "other sources," Rs. 8,973 were realized. A portion of the assets under this head includes money borrowed at favourable interest for payment of a portion of the debts. In the Hardoi portion Rs. 286 were advanced to tenants for the purchase of plough-cattle and seed, and Rs. 1,001 expended on a well. This well has turned out well: four *pürs* can be worked at it at the same time, and it will irrigate

200 bighas. The increased rental is estimated at from Rs. 275 to Rs. 300 per annum. In the Sitapur portion Rs. 615 were expended on four drinking-wells and on repairs of tenants' houses injured by floods. The land here is low and damp, so that irrigation is seldom required. The debts during the year stood as follows:—

					Rs.
Principal	1,04,566
Interest	2,365
Interest accrued during the year	5,975
			Total	...	<u>1,12,906</u>

Of this was paid on account of principal Rs. 40,978 and interest Rs. 7,515, which leaves a balance of Rs. 63,588 principal and Rs. 825 interest. A sum of Rs. 29,000 was borrowed from other estates at favourable interest to pay off the more pressing claims bearing high interest, which accounts for the large payments. The estate from its own sources reduced the debts by Rs. 25,441. No notices of ejectment were issued during the year. The estate was successful in its civil litigation, but the number of suits in which the estate was concerned is not given.

KHERI DISTRICT.—Officer in charge, Lieutenant-Colonel T. R. Cowie, Deputy Commissioner.

No. 20, Bansi (Court of Wards' Estate). Normal income Rs. 5,182; deficit on the 30th September, 1888, Rs. 3,930.

The rental demand shows a small increase of Rs. 186 on that of last year. The entire demand, current and arrears, was Rs. 5,329, of which Rs. 5,154, or 96·68 per cent., were collected. The demand from "other sources" was Rs. 478, which, with the exception of Rs. 34, was collected. This estate is in low-lying land, and does not require any irrigation works. Rupees 155 were advanced to tenants for the purchase of plough-cattle. One hundred and forty-four and-a-half bighas of new land were brought under the plough and the area under sugarcane was increased by about 150 bighas.

No notices of ejectment were issued. The debts at the beginning of the year stood at Rs. 4,854, which were reduced to Rs. 3,930. The minor is only six years old, and has not yet commenced his studies.

No. 21, Khairigarh (Court of Wards' Estate). Normal income Rs. 1,41,283; deficit on the 30th September, 1888, Rs. 1,03,661.

The rental demand for the year, current and arrears, was Rs. 1,51,252, of which Rs. 1,39,638, or 92·34 per cent., were realized. A sum of Rs. 11,500 was also collected in advance on account of the ensuing year. If this be added, the total collections aggregated 99·92 per cent. of the total demand—a result which may be considered satisfactory. The balance, Rs. 11,614, is made up of Rs. 1,828 on account of the current demand and Rs. 9,786 arrears of former years. Of the former Rs. 588 are said to be irrecoverable and Rs. 433 doubtful, and of the latter Rs. 5,339 irrecoverable and Rs. 2,990 doubtful. Proposals to strike off the irrecoverable balances are under submission. The Sarosa Estate in the Sitapur district held by Khairigarh under a deed of mortgage was redeemed during the year, and a sum of Rs. 49,892 on account of mesne profits was decreed against the estate. This sum has been added to the list of debts. As a set-off the estate holds a bond for Rs. 27,000 against some of the mortgagors; but as the Court did not allow this to be set off, the Legal Remembrancer has been consulted as to the institution of separate suits for the recovery of the money.

The demand from sources other than rent was Rs. 32,247. Of this Rs. 26,815 were collected, which left a balance of Rs. 5,432, of which Rs. 3,896 are said to be irrecoverable. On the whole, the collections were satisfactory. The debts during the year, principal and interest, stood at Rs. 1,60,389. This sum was reduced by Rs. 56,728, and at the close of the year the debt was—

					Rs.
Principal	1,02,403
Interest	1,253
Total					1,03,661

A sum of Rs. 6,610 was advanced to tenants for the purchase of plough-bullocks and seed. Two wells, which were under construction last year, were completed. Of the sum of Rs. 2,410 expended on improvements, Rs. 2,227 were spent on the construction of ten drinking-wells, four platforms to wells, and repairs to three other wells: and Rs. 183 on the purchase of four Behea sugar-mills. The estate has now six of these mills, which were hired out at eight annas per diem, giving an income of Rs. 70-8-0. Four hundred and one new asamis were settled, and three new hamlets founded: 15,150 bighas of waste land were brought under the plough, and sugarcane cultivation was increased by 1,000 bighas. Two Hissar bulls were purchased for Rs. 423, to improve the breed of cattle. Immigration has been very successful this year. The climate is unhealthy in parts, and the estate requires a system of drainage works which, however, cannot be taken in hand without professional aid which the estate cannot at present afford. Two notices of ejectment were issued, which were not contested.

No. 22, Mullanpur (Court of Wards' Estate). Normal income Rs. 1,82,244; deficit on the 30th September, 1888, Rs. 6,83,891.

The rental demand for the year shows an increase of Rs. 23,144 compared with that of the previous year. The entire demand, current and arrears, was Rs. 2,12,243. Of this Rs. 1,82,058 were collected, or 85·82 per cent. A sum of Rs. 3,661 was also collected in advance on account of next year. The total collections, with this included, represents 87·50 per cent. of the total demand. The balance outstanding was Rs. 30,185, and of this Rs. 8,325 were on account of the current demand. A sum of Rs. 8,416 on account of the arrear balance has been remitted as irrecoverable since the close of the year.

The demand on account of income from "other sources" was Rs. 3,95,315. Of this Rs. 3,88,491 were collected, leaving a balance of Rs. 6,824, of which Rs. 1,184 have been remitted as irrecoverable since the close of the year.

The demand and collection under this head includes KHEER.
Rs. 3,70,000 borrowed from the Mandi Estate in the Panjáb, for the payment of debts bearing heavy rates of interest.

The total debts stood at—

Principal	Rs. 10,41,018
Interest	1,44,596
				Total	...
					<u>11,85,614</u>

These were reduced by—

Rs. 3,82,474 on account of principal; and
" 1,19,249 ditto interest.

These reductions include Rs. 10,547 principal and Rs. 64,267 interest, remitted by creditors in consideration of their claims having been satisfied at once.

The debt at the close of the year was—

Principal	Rs. 6,58,514
Interest	25,347
				Total	...
					<u>6,83,891</u>

In the matter of improvements, 4,676½ bighas of waste land were brought under the plough: sugar-cane cultivation was extended by 1,713 bighas; 7½ new asámis were settled, and Rs. 25 were spent on planting shisam and babul trees. Four notices of enhancement of rent were issued in the Sitapur and Bahraich portions of the estate: two of these are being contested and have not yet been disposed of. These tenants held at exceedingly low rates payable in kind, and declined to come to any amicable arrangement. It is said that there are numberless other tenants similarly situated, and that these four suits were instituted as test cases.

No. 23, Kaimakra (Court of Wards' Estate). Normal income Rs. 54,486; deficit on the 30th September, 1888, Rs. 44,589.

The rental demand for the year shows an increase of Rs. 2,796 on that of last year. The entire demand

for the year, current and arrears, was Rs. 66,786, of which Rs. 52,799, or 79·05 per cent., were collected. The collections were small on account of the arrears demand—Rs. 1,823 out of Rs. 12,337 due. The balance on account of the current demand was only Rs. 3,472. The balance includes arrears prior to management by the Court, of which Rs. 4,801 are said to be irrecoverable: proposals for remission will be submitted. Rupees 3,713 are said to be doubtful of recovery. The collections on account of income from “other sources” were good, being Rs. 3,928 out of a demand of Rs. 3,981.

The debts stood at Rs. 56,101, *viz.*, principal Rs. 52,386 and interest Rs. 3,715: during the year they were reduced to, principal Rs. 42,769 and interest Rs. 1,820, or a total of Rs. 44,589.

Rupees 1,000 were advanced to tenants for the purchase of cattle and Rs. 1,629 expended on improvements. Two wells have been constructed and one is under construction. Boring experiments were made before work was taken in hand, and the result in the wells completed is, that one has 28 feet and the other 22½ feet of water, and are capable of being worked with two *púrs* at a time. Seven Behea sugar-mills were purchased for Rs. 273 and were hired out to tenants at six annas per diem: the rent realized was Rs. 60-6-0. Forty-four *asámis* were settled in four villages. The area under sugarcane was extended by 760 *bighas*, and 1,087 *bighas* of waste land were brought under the plough. No notices of ejectment were issued.

ABAD.

FYZABAD DISTRICT.—Officer in charge, Mr. A. Robinson, Deputy Commissioner.

No. 24, *Khapradik (Court of Wards' Estate)*. Normal income Rs. 75,262; balance at credit on the 30th September, 1888, Rs. 18,897.

The rental demand shows an increase of Rs. 629 on that of the previous year, and is said to be due to

additions made to the rent where holdings were found to be in excess of the patta, and to the bringing of a large tract of jungle land under the plough. The rental demand, current and arrears, was Rs. 76,859, of which Rs. 75,989 were collected, or 98·87 per cent. The whole of the balance, Rs. 870, is realizable, with the exception of the small sum of Rs. 43, which is said to be irrecoverable. Of the income from "other sources" 99 per cent. was collected—a very satisfactory result.

In the Fyzabad portion of the estate a sum of Rs. 197 was advanced to tenants for the purchase of plough-cattle and Rs. 284 expended on improvements, such as the clearing of jungle, erecting a platform to a well, and the purchase of trees, &c. In the Sultanpur portion a sum of Rs. 372 was expended on the construction of wells. Rupees 2,800 were paid in liquidating the debts of the minor. The estate had a credit balance of Rs. 18,897 at the close of the year, of which Rs. 6,000 are invested in a loan to the Musepur estate, and it is proposed to invest Rs. 12,000 in Government promissory notes.

The usual annual darbár of the tenantry was held on the 28th January, 1888, when rewards were given to lessees and tenants who paid their rents punctually. Two vaccinators were employed by the estate, but without any result, as the villagers have an idea that vaccination results in the death of the child operated on. Owing to the great distance the tenants have to go for medical aid, a project is under consideration for the establishment of a branch dispensary to be supported by contributions from the Khapradih, Kurwar, and Sihipur estates. Only one notice of ejectment was issued in Sultanpur, which was unsuccessful. The estate was concerned in 27 civil suits, of which one was withdrawn, three are pending, and the remainder were decided in its favour.

The minor, Thákur Anant Bahadur Singh, continued his studies at the Canning College, and is said to be making fair progress. A son was born to him on the 15th September, 1888, which lived barely a month.

No. 25, *Mamrezpur (Court of Wards' Estate)*. Normal income Rs. 1,982; balance at credit of the estate on the 15th March, 1888, Rs. 71.

The current rental demand, Rs. 1,982, shows a small increase of Rs. 16 on that of last year. With the exception of Rs. 103, the entire demand was realized during the five months and 15 days the estate was under management during the year. The debt at the close of last year was Rs. 480: this sum was paid, and the estate released and made over to its owner with a cash balance of Rs. 71.

The estate was taken under management in July, 1884. The rental was then Rs. 1,867, and the debts aggregated Rs. 1,133. During the three years and nine months the estate was in charge, the debts were paid off, and the rental increased to Rs. 1,982.

No. 26, *Behra (Court of Wards' Estate)*. Normal income Rs. 2,090; balance at credit on the 15th March, 1888, Rs. 244.

The rental demand, Rs. 2,090, shows a rise of Rs. 162 on that of the previous year. The rental demand, current and arrears, was Rs. 2,094, and during the five and-a-half months of the year the estate was under management, a sum of Rs. 1,946 was collected.

The debt at the close of last year was Rs. 402, which was paid in full, and the estate was made over to the owner with a cash-balance of Rs. 244 on the 15th March, 1888.

During the three years and nine months the estate was in charge, the rental increased from Rs. 1,867 to Rs. 2,090.

No. 27, *Musepur Chandipur (Court of Wards' Estate)*. Normal income Rs. 11,563; deficit on 30th September, 1888, Rs. 16,771.

The gross rental rose from Rs. 11,282 to Rs. 11,563, the increase being due to the redemption from mort-

gage of two villages. The current demand of Rs. 11,562 was collected in full, as well as the demand on account of arrears for past years. The income from other sources amounted to Rs. 13,473. Rupees 13,000 were borrowed in order to effect the redemption of the other mortgaged villages of the estate. The case against Musammat Gulab Dai, widow of Lāla Khurram Rae, has been instituted, the date fixed for first hearing being 27th November, 1888. If this case is decided in favour of the estate, the liabilities will be cleared off, it is expected, at an early date. The Ward's conduct has not been satisfactory. He was married in April, 1888, without the Deputy Commissioner's consent, and since his marriage has given up his studies.

The estate was concerned in 15 civil suits. Of these seven have been decided in favour of the estate and four against it. Four suits are still pending disposal. There were also four appeals, which the estate defended successfully.

No. 28, Lakhanpur Birhar (Court of Wards' Estate). Normal income Rs. 12,555; deficit on 30th September, 1888, Rs. 70,055.

The rental demand, current and arrears, was Rs. 12,556, the whole of which was collected during the year. The demand from "other sources," Rs. 1,400, was also collected in full.

The debts at the beginning of the year were ascertained to be Rs. 73,313, of which Rs. 3,258 were paid off, leaving a closing balance of Rs. 70,055. It will not be possible to pay off the debts from the income of the estate, and a proposal to sell a portion of the property will be separately submitted.

The estate was concerned in seven civil suits, of which three were decided in its favour, two were compromised, and two were decided against it.

BAHRAICH DISTRICT.—Officers in charge, Lieutenant-Colonel W. P. Harrison, Deputy Commissioner, and Pandit Janki Parshad, Deputy Collector.

No. 29, *Behva (Court of Wards' Estate)*. Normal income Rs. 76,818 ; balance at credit on 30th September, 1888, Rs. 51,230.

The rental shows an increase of Rs. 1,046 on that of last year. The demand for the year, current and arrears, was Rs. 84,490, of which Rs. 76,248 was collected, or 90·27 per cent., the same percentage as last year. Of the balance, Rs. 8,242, Rs. 2,820 are on account of the current demand, and Rs. 5,422 on account of arrears of previous years. A large portion of the balance is said to be irrecoverable, some of the items having been brought forward from the time the estate was under the late Talúqdár. Inquiries are being made, and the result will be reported. The collections from "other sources" were not so good as last year, being only 54 per cent. against 65. The greater portion of the balance is said to be due on account of bond debts of the time of the late Talúqdár and outstanding interest on loans. A suit is pending for the recovery of the arrears of interest.

On improvements Rs. 10,231 were expended. A new bridge was built and an old one repaired. Seventeen wells were constructed, five for drinking and 12 for irrigation purposes, and three new wells were constructed by tenants at their own cost with the permission of the Court of Wards. Two houses for ziladárs were built. One hundred and seventeen trellis-work sál-wood platforms were made for covering village wells for the protection of those using them. In addition to other minor works, repairs, and planting trees on roadsides, the Banjari road was completed. The cultivation of sugarcane has again increased, and a patent sugar-mill was purchased. This mill is approved by the tenants, who willingly pay 14 annas per diem for its use, and Rs. 30 were realized for the short time it was available. It

is contemplated getting another when the present one pays itself. BAHRA

No notices of ejectment were issued. The minor continued at the Wards' Institution, Agra, throughout the year; his general bearing and manners have improved.

No. 30, Kunera (Court of Wards' Estate). Normal income Rs. 3,585; deficit on the 30th September, 1888, Rs. 43,303.

This estate was taken under management in May, 1888, on the application of the proprietor, Bhaiya Sant Bakhsh, to be declared disqualified. The debts were estimated at Rs. 45,273, including arrears of interest; the annual rental at Rs. 13,409, with every prospect of being increased by good management to Rs. 16,000; the expenditure at Rs. 8,700, which would leave a balance of Rs. 7,300 for the payment of the debts. If these estimates are correct, it is expected the estate will be free of its liabilities in seven years.

The rental demand, current and arrears, for the five months the estate was under management was Rs. 3,853. Of this Rs. 3,373, or 87·54 per cent., were collected. A sum of Rs. 800 was also collected in advance, so that the actual collections equalled 108·30 per cent. of the total demand. The collections on account of income from "other sources" were good, being Rs. 173 out of a demand of Rs. 185.

The debts, as far as ascertained, as shown in Appendix VII, amounted to Rs. 44,093, of which Rs. 789 were paid. A sum of Rs. 10,000, bearing interest at 6 per cent., has been borrowed from the Rehwa Estate, with which the more pressing claims carrying high interest will be paid.

The proprietor is said to be an imbecile, unable to assist the manager with his advice, and his agents for some time past were doing their utmost to ruin the property.

BARELI. RAE BARELI DISTRICT.—Officers in charge, Mr. C. Chapman, Deputy Commissioner, and Mirza Humayun Kadr, Deputy Collector and General Manager.

No. 31, Bahua (Encumbered Estate). Normal income Rs. 23,647; deficit on 30th September, 1888, Rs. 47,508.

The rental demand for the year was Rs. 23,647, giving an increase of Rs. 310 on that of the previous year, which is said to be derived from a further portion of the jungle area brought under cultivation. The entire demand, excepting Rs. 79, was realized. The balance at the close of the previous year was Rs. 3,004; of this a sum of Rs. 1,982 was remitted as irrecoverable, which left Rs. 1,022 to be collected. Of this sum Rs. 356 were realized. The balance, current and arrears, at the close of the year thus stood at Rs. 745, of which about a third is said to be irrecoverable. The collections from sources other than rent were satisfactory—Rs. 1,729 out of a demand of Rs. 2,132.

Six wells were constructed without any assistance from the estate, three of which were for drinking purposes. The estate advanced Rs. 25 to a tenant for the purchase of plough-bullocks. Nothing further could be done in the way of improvements owing to the heavy debt due to Government. This debt at the beginning of the year was Rs. 52,350 principal, and the interest accruing during the year was Rs. 2,493. The latter was paid in full, and the principal was reduced by Rs. 4,842. The estate was not concerned in any civil suits, and no notices of ejectment appear to have been issued.

No. 32, Kuri Sadauli (Court of Wards' Estate). Normal income Rs. 64,370: released from management on the 1st September, 1888.

The current rental demand shows a small increase over that of last year—Rs. 64,370 against Rs. 64,155. The demand for the year, current and arrears, was Rs. 71,883; of this Rs. 65,354 were collected. The arrears demand stood at Rs. 7,513, of which only

Rs. 1,171 were realized : no explanation is given of the failure to realize so large a portion of the arrears or to report it as irrecoverable, and a further report is requested. The demand from sources other than rent was Rs. 5,553, which was collected all but Rs. 289.

A sum of Rs. 411 was expended on improvements, but no details have been given.

No notices of ejectment were issued. The estate was engaged in three civil suits, which were decided in its favour.

The Ward, Rájá Rampal Singh, attained his majority during the year, and the estate was made over to him on the 1st September, 1888, with a cash balance of Rs. 18,761. The estate was taken under management under the Taluqdárs' Relief Act on the 30th May, 1871, with debts aggregating Rs. 1,54,318. A loan of Rs. 1,25,000 was obtained from Government with which these debts were paid, some of the creditors reducing their claims for cash payments.

This loan with interest was paid up in full in 1887 ; but the estate remained under the management of the Court of Wards for another year owing to the minority of the Rájá. The Talúqdár has now succeeded to a flourishing property. He has been educated at the Aligarh College, and the Deputy Commissioner has every reason to hope that he will manage the estate well.

The gross rental of the estate when it was taken under management was Rs. 52,046, and when the estate was released it stood at Rs. 64,344. The lands purchased by or mortgaged to the estate at a cost of Rs. 9,821 contributed Rs. 960 to the increase, and the balance is due to enhancement of rents owing to improvements effected. Three hundred and two masonry wells were constructed and 45 old wells repaired ; 24 tanks were constructed or repaired and two markets established, at a cost to the estate of Rs. 15,387. A sum of Rs. 4,677 was also advanced to tenants for the purchase of seed and plough-cattle.

BAREIL. No. 33, *Koriar Sataon (Court of Wards' Estate)*. Normal income Rs. 78,195 : released from management on the 6th February, 1888.

During the four months of the year the estate was under management, the rent demand, current and arrears, was Rs. 35,346. Of this Rs. 24,724 were collected, which left a balance of Rs. 10,622. This balance is on account of arrears of previous years, the kharif instalment falling due having been realized in full.

The estate was brought under management on the 12th November, 1866. At that time it comprised 30 villages, with a gross rental of Rs. 59,077. Three villages, having a rental of Rs. 15,228, were purchased for Rs. 1,64,570, and 212 bighas of land were bought from certain under-proprietors of the estate for Rs. 8,349. When released the estate had 33 villages, with a rental of Rs. 78,195. The gross rental was thus increased by Rs. 19,118, partly by purchase and partly by improvements.

The improvements effected were—

- (1) the construction of 41 embankments by the estate ;
- (2) one hundred and eighty-five wells by tenants from advances made to them by the estate ;
- (3) fifty-seven wells by tenants who were granted land for planting groves.

The total amount expended on improvements was—

	Rs.
(1) In advances	13,978
(2) Improvements irrecoverable	9,022
(3) The purchase of landed property	1,72,919
Total	<u>1,95,919</u>

The estate was indebted to the extent of Rs. 68,741 at first, and this sum was paid off some years ago.

The Talúqdár, Thákur Chandrapal Singh, has succeeded to a magnificent property in good order, and the

Deputy Commissioner is of opinion that he is likely to manage it well, as he is an intelligent young man of excellent character and disposition. The credit balance made over to him was Rs. 68,366, of which Rs. 30,366 were cash and Rs. 38,000 invested in Government promissory notes and in a loan to Sardár Autar Singh. RAE I

No. 34, Bhiragobindpur (Court of Wards' Estate). Normal income, Rs. 51,803; deficit on the 30th September, 1888, Rs. 1,45,977.

The rental demand for the year, current and arrears, was Rs. 73,430, of which Rs. 51,832 were collected, the collections of the current demand amounting to 100·05 per cent. The arrear balance stood at Rs. 21,627, of which only Rs. 2,395 were realized, the outstanding at the close of the year being Rs. 19,232. Of this sum Rs. 9,929, said to be due on account of rents in kind on sîr lands enjoyed by the Talúqdâr and dating from before the introduction of Government management, have been remitted since the close of the year. A further sum of Rs. 2,605 has been remitted by Government as irrecoverable, and the remainder has been secured by bonds, and is in course of realization. The demand from sources other than rent was Rs. 11,646, of which Rs. 8,201 were collected.

A sum of Rs. 900 was advanced to tenants for the purchase of plough-cattle. A sugar-mill was purchased for Rs. 202, which is hired out to tenants, and Rs. 398 expended on the purchase of land in certain villages.

No notices of ejectment were issued, and of the two civil suits in which the estate was engaged, one was decided in its favour and the other is pending.

The debt due to Government at the beginning of the year was Rs. 1,47,097 principal, and the interest for the year thereon was Rs. 7,190. The latter was paid in full, and the principal was reduced to Rs. 1,28,977. Besides this there was a debt of Rs. 20,000 due to the Korihar Sataon Estate, on which Rs. 1,060 interest accrued during the year. The interest was paid in full

E BARELI. and Rs. 3,000 towards the principal. The total debt at the close of the year was Rs. 1,45,977. It was proposed to sell the Panjáb portion of the estate in mauza Dalla in Amritsar; but the Deputy Commissioner of that district reported that he could get no bidders for the property. He is now arranging to sell it in small plots, if possible. It may be found necessary to sell a considerable portion of the Rae Bareli property in order to discharge the debts incurred by the late Captain Gulab Singh.

*No. 35, Pandriganeshpur (Court of Wards' Estate).
Normal income Rs. 64,470; deficit on the 30th September, 1888, Rs. 1,30,189.*

The current rental demand was Rs. 64,470, or an increase of Rs. 273 on that of the previous year, due to jungle and fallow land being brought under cultivation, enhancement of rents, and increase in the value of grain rents. The full demand, with the exception of one rupee, was collected. The balance on account of previous years was Rs. 2,603, of which Rs. 502 were realized; the remainder, Rs. 2,101, is in course of realization, with the exception of Rs. 184, which are said to be irrecoverable. The collections from "other sources" were also good, being Rs. 8,522 out of a demand of Rs. 11,486. On improvements Rs. 234 were paid in advances to tenants for the purchase of plough-bullocks, for sugarcane cultivation, and for the construction of a well. Rupees 148 were also spent on the purchase of a sugarcane-mill and in a payment to a tenant for a well. The debt at the beginning of the year was Rs. 1,55,499, on which Rs. 7,232 interest accrued during the year. The former was reduced to Rs. 1,30,189 and the latter was paid in full. If the principal is reduced at this rate, the estate will be clear of debt in a little more than five years. No notices of ejectment were issued, and the four civil suits in which the estate was concerned were decided in its favour.

This estate holds a mortgage with possession of the estate of Rája Rampal Singh of Dharupur in the Partabgarh district. The debt is secured by two bonds, one

for Rs. 50,000, bearing interest at 13 per cent. per mensem, executed by the wife of the Tálúqdár on the 10th March, 1872, and the other for Rs. 25,224-8-11, bearing interest at 6 per cent. per annum, executed by Rájá Rampal Singh on the 20th of May, 1885. Forty-five villages of the estate are hypothecated in both bonds for satisfaction of the principal and interest. This debt stood at the beginning of the year at Rs. 68,640 principal and Rs. 9,019 interest; at the close of the year the former was reduced to Rs. 62,470 and the latter to Rs. 840. The Rájá has recently expressed his intention of redeeming the debt, and has asked for a remission of some portion of the amount due on the ground that part of that amount represents accumulated arrears of interest. The matter is under consideration.

RAE B

No. 36, Binohra (Court of Wards' Estate). Normal income Rs. 13,408; deficit on the 30th September, 1888, Rs. 20,700.

The rental demand for the year shows a small increase of Rs. 60 on that of the previous year. The demand, current and arrears, was Rs. 16,465, of which Rs. 13,497 were collected, or 100·66 per cent. of a year's rental. Of the balance Rs. 2,968, Rs. 213 were on account of the current rental and Rs. 2,755 arrears of previous years. A sum of Rs. 1,446 of the arrears is secured by bonds and decrees of Court, Rs. 1,137 are said to be irrecoverable, and the remainder is in course of collection. The collections from sources other than rent were also good, being 72 per cent. of the demand. Owing to the liabilities of the estate nothing can be done in the way of improvements. A sum of Rs. 142 was, however, advanced to tenants for the purchase of plough-cattle and the extension of sugarcane cultivation. The principal of the debt was reduced from Rs. 23,076 to Rs. 20,394. The interest due was Rs. 1,764, of which Rs. 1,458 were paid, which left a balance of Rs. 306. It is expected that the debt will be paid off in seven years. No notices of ejectment were issued. The estate was engaged in five civil suits, of which four were decided against it and one, an appeal, is pending.

BAREIL. *No. 37, Gaura Kasehti (Court of Wards' Estate). Normal income, Rs. 78,295 : released from management on the 9th March, 1888.*

The demand for the five and-a-half months of the year the estate was under management was Rs. 43,935, which was collected in full. Rupees 296 were also realized on account of the arrears of previous years, leaving the considerable balance of Rs. 4,952 due when the estate was released. The demand from "other sources" was Rs. 7,956, of which Rs. 1,862 were collected.

This estate was taken under management in March, 1881. At that time the gross rental was Rs. 76,121, and in the seven years of management this has been increased to Rs. 78,295. This increase is due to improvements effected and the acquisition of $880\frac{1}{2}$ bighas of land by purchase. In the purchase of this land and two houses the estate invested Rs. 19,223. On improvements Rs. 23,747 were expended, of which Rs. 11,507 represents recoverable advances. Sixty-seven masonry wells were constructed, 65 of these by tenants who received money advances and in some cases grants of land for planting groves, and two by the estate. Two embankments were made and seven new hamlets established.

When the estate was first taken over it had debts aggregating Rs. 78,184: this sum has been paid in full, together with the interest falling due annually. The estate was made over to the Talúqdár, Thákur Sheo Narayan Singh, in good order, free of debt, and with a cash balance of Rs. 23,250.

No. 38, Udrehra (Court of Wards' Estate). Normal income, Rs. 41,064; deficit on the 30th September, 1888, when the estate was released, nil.

The rental demand for the year, Rs. 41,064, shows a small increase of Rs. 87 on that of last year. The entire demand, current and arrears, was Rs. 47,415, of which Rs. 40,401 were collected, leaving a balance of Rs. 7,014. This balance represents Rs. 1,671 of the year's rental,

and Rs. 5,343, arrears of previous years. A large portion of the balance is said to be irrecoverable, and sanction has been accorded to strike off Rs. 3,252 of this sum. The demand from sources other than rent was Rs. 23,578, including Rs. 16,500 contributed by the Talúqdár for payment of the debt. Eighty-seven and-a-half per cent. of this was realized. A sum of Rs. 40 was advanced to a tenant for the construction of a masonry well. No notices of ejectment were issued. The estate was concerned in three civil suits, two of which are pending, and one was decided against it. This estate was taken under the Court of Wards in the commencement of 1289 fasli (1881-82 A.D.) on the application of the Talúqdár to be declared disqualified under section 162(*g*), Act XVII of 1876. At that time the debts aggregated Rs. 67,546. This sum with the annual interest accruing has been paid off in the six years of management with the aid of Rs. 16,500 contributed by the Talúqdár during the year under review. The debt account for the year stood as follows :—

RAE B

			Rs.	a.	p.
Principal	28,000	0	0
Interest accruing during the year	1,416	10	8
		Total	29,416	10	8

Difference paid by the estate	12,916	10	8

When the estate was first taken under management the rental was Rs. 36,490, and when it was released it stood at Rs. 41,064. This increase is due to the improvements effected and to fallow land having been brought under the plough. Nine wells, an embankment, and a tank were constructed at a cost of Rs. 998, and Rs. 233 were spent on the purchase of five bighas of land. Rupees 750 were also advanced to tenants for the purchase of seed and plough-cattle. The estate was made over to the Talúqdár at the close of the year.

SULTANPUR.

No. 39, *Kurwar (Encumbered Estate)*. Normal income Rs. 1,21,539; deficit on the 30th September, 1888, Rs. 7,433, including a Government takávi loan of Rs. 933.

The rental demand for the year, Rs. 1,21,539, shows an increase of Rs. 1,368 on that of the previous year. This increase is due principally to the cultivation of fallow land, improvements effected, enhancement of rents in some cases, and the increased value of grain rents in others. The rental demand, current and arrears, was Rs. 1,23,249, of which Rs. 1,22,160 were collected, or 100·5 per cent. of year's demand. The balance was only Rs. 1,089, of which Rs. 648 belonged to the Sultanpur portion and Rs. 441 to the Fyzabad portion of the estate. The collection from sources other than rent were also good, being 95 per cent. of the demand. In the matter of improvements a sum of Rs. 113 was advanced to tenants in the Sultanpur portion of the estate. Of this Rs. 105 were for the construction of a well and a tank and Rs. 8 for the purchase of plough-bullocks. In the Fyzabad portion Rs. 10 were advanced for the purchase of cattle. The estate also expended Rs. 2,867 in the Sultanpur portion on the construction of 21 new wells and five embankments, the establishment of a bazaar, and the repairs of four wells and a tank, in addition to other miscellaneous improvements, such as the planting of trees, cutting jungle, and repairing a wooden bridge. In the Fyzabad portion a sum of Rs. 134 was spent on the construction of an embankment, planting trees and repairing a water channel. The debt due to Government was reduced from Rs. 42,000 to Rs. 6,500, and the interest for the year, Rs. 1,662-8-1, was paid in full. The advance obtained from Government under the Land Improvement Loans Act, Rs. 1,200, was reduced to Rs. 933, and Rs. 220-15-0 were paid as interest for the year on this account. The total debt at the close of the year stood at Rs. 7,433. The debts 18 years ago, when the estate was first taken under management, aggregated Rs. 2,34,005. Four notices of ejectment were issued in Sultanpur under sections 50 and 55 of the Oudh Rent Act, and the estate was successful in all. In Fyzabad one notice of ejectment was

issued under section 54, which was dismissed; but the Deputy Commissioner has appealed. Nine notices of relinquishment were also filed in this district; the lands relinquished have been settled with other tenants at favourable rents. The estate was engaged in 34 civil suits, of which 14 have been decided in its favour and 13 against it: one suit was withdrawn, and six are pending. The young Rájá has continued to reside at the Wards' Institution at Agra, and is said to be making fair progress in his studies.

SULTA

No. 40, *Mahona (Encumbered Estate)*. Normal income Rs. 50,085; deficit on the 30th September, 1888, Rs. 30,333, including a Government takávi loan of Rs. 1,333.

The rental demand, Rs. 50,085, shows a small increase of Rs. 564 on that of the previous year. This increase is owing to a small enhancement of rent, construction of improvements, and the cultivation of fallow. The demand, current and arrears, was Rs. 51,507, of which Rs. 49,939 were realized, or 99·7 per cent. of the year's demand. Of the balance Rs. 1,568, the amount secured by decrees and bonds is Rs. 1,421; Rs. 102 are said to be either irrecoverable or doubtful, and suits are pending for Rs. 45. The collections from sources other than land rents was 70·83 per cent. of the demand.

No advances were made to tenants; but Rs. 1,786 were expended by the estate on improvements. Nine wells were under construction, three old wells and two embankments were repaired, and two tanks were excavated. A quantity of Muzaffarnagar wheat was distributed to a number of tenants. Five notices of ejectment were issued, all being contested: four cases were decided in favour of the estate. The estate was also concerned in five civil suits, of which two were decided in its favour and one against it, two being withdrawn. The heavy and protracted litigation with Niamat Khan, who claimed the entire estate, has been brought to an end, his suit having been dismissed by the District Judge on the 6th February, 1888. No appeal has been instituted.

ANPUR.

The debt due to Government was reduced from Rs. 40,496 to Rs. 29,000, or by Rs. 11,496. The interest for the year, Rs. 1,887, was paid in full. The takávi advance was also reduced from Rs. 1,600 to Rs. 1,333, and the interest for the year, Rs. 210, was paid.

No. 41, Bhadayan (Court of Wards' Estate). Normal income Rs. 32,013 ; deficit on 30th September, 1888, Rs. 2,900, including a Government takávi advance of Rs. 1,400.

The rent demand was Rs. 32,013, or Rs. 523 in excess of last year. The increase is due chiefly to improvements effected, small enhancements of rent, and the cultivation of fallow. The demand, current and arrears, was Rs. 32,047, and this was collected in full with the exception of the small sum of Rs. 7. Of the demand from miscellaneous sources 53 per cent. was realized. The large outstanding is under the head "Law expenses, recoverable;" but little hopes are entertained for the recovery of the amount, as the judgment-debtors are said to be bankrupt. The debt was reduced from Rs. 7,900 to Rs. 2,900, which includes Rs. 1,400 due to Government on account of an advance obtained under the Land Improvement Loans Act. The interest for the year, Rs. 349, was also paid in full. No advances were made to tenants during the year; but Rs. 1,203 were expended by the estate on improvements. The works under construction were 10 new wells and four embankments; and a well was repaired. No notices of ejectment were issued; but three notices of relinquishment were tendered by tenants who, however, accepted new leases on the old terms. The estate was concerned in seven civil suits, of which four were decided in its favour and one against it, one suit was withdrawn, and one is pending. The heavy suit for the redemption of the mortgage on 33 villages of the estate, preferred in the preceding year by one Bábu Bachu Singh and others, has been dismissed both in the original and appellate Court. The plaintiffs are men of no substance, and the recovery of the costs decreed is very doubtful. The Ward continued his studies in the zila school: though he has

made progress, he has learnt very little English. He will obtain his majority in November, 1889. SULTAN

No. 42, Pali (Court of Wards' Estate). Normal income Rs. 17,796 ; credit balance on the 30th September, 1888, Rs. 22,140 ; debt Rs. 600, a Government takávi loan.

The demand for the year, current and arrears, was Rs. 18,223, of which Rs. 17,719 were collected, or 99·56 per cent. of a year's rental. The balance is Rs. 504, which is in course of realization, except the small sum of Rs. 66, which is said to be doubtful. The collections from sources other than rent were also good, being 95 per cent. of the demand. The credit balance at the close of the year was Rs. 22,140, of which Rs. 17,000 is invested in Government 4 per cent. paper. No advances were made to tenants during the year, but the estate expended Rs. 831 on improvements. Six new wells were under construction, and four old wells were repaired. No notices of ejectment were issued, but seven tenants tendered notices of relinquishment covering an area of bighas 44-17-17. No offers for this land having been received from other tenants, it was leased to the Talúqdár at the old rental. The estate was concerned in only one civil suit, which was decided in its favour. The young Talúqdár, Bábu Kishun Dat Singh, attained his majority on the 16th December, 1888, when the estate was released from management and made over to him in a flourishing condition. The estate was taken under management in 1875, when the Talúqdár was only eight years old. At that time the gross rental was Rs. 16,601, which, during the period of management, was raised to Rs. 17,835, the increase being due chiefly to the works of improvement effected and the breaking up of fallow land. The debts were Rs. 4,677 : these were liquidated, and at the close of management the estate had a credit balance of Rs. 23,650, of which Rs. 5,650 were in cash, Rs. 17,000 were invested in 4 per cent Government promissory notes, and Rs. 1,000 in a land mortgage. A sum of Rs. 4,027 was expended on improvements in addition to Rs. 747, advanced to tenants for the purchase of seed and plough-cattle. Twenty-two wells and tanks were made, 14 by the estate and the remainder

ANPUR.

by the tenants, and a hamlet of 20 houses was founded. There is every reason to believe that the young Talúqdár will manage his estate well.

No. 43, Unchgaon (Court of Wards' Estate). Normal income Rs. 16,627; credit balance on the 30th September, 1888, Rs. 30,959.

The rental demand for the year, Rs. 16,627, shows a small increase of Rs. 373 over that of last year, which is mostly due to the purchase of a four-anna share in village Kankupur. The demand, current and arrears, was Rs. 16,981: of this Rs. 16,320, or 98 per cent. of a year's demand, was realized. The balance, Rs. 661, is in course of collection, with the exception of the small sum of Rs. 8 said to be irrecoverable. Of the demand from "other sources" 93½ per cent. was realized. The estate expended Rs. 215 on improvements. Two new wells were constructed and a tank excavated. No advances were made to tenants. Nine notices of ejectment were issued against tenants whose term of seven years had expired. None of these notices were contested, and the tenants accepted the prescribed enhancement in the rent of one anna in the rupee. The estate was not engaged in any civil litigation. A private tutor is entertained to teach the Ward, who, it is said, has little aptitude for study. He will attain his majority in August, 1890.

No. 44, Walipur (Court of Wards' Estate). Normal income Rs. 7,106; credit balance on the 30th September, 1888, Rs. 353.

The rental demand for the year, current and arrears, Rs. 7,126, was collected in full. The demand from miscellaneous sources was Rs. 606, of which a sum of Rs. 495 was realized. A sum of Rs. 3,500 was paid by this estate towards the liquidation of the debt of Kurwar, to which the owner of Walipur has succeeded. Rupees 10 were advanced to a tenant for the purchase of bullocks and Rs. 304 expended on improvements. Two wells and an embankment were under construction, a large pit in a village was filled in, and trees were planted on road-

sides. A quantity of Muzaffarnagar wheat was imported, and its cultivation gave satisfactory results. A Behea sugar-mill was also introduced, and it has been used by some of the tenantry, who appreciate its advantages. No notices of ejectment were issued, and the estate was not engaged in civil litigation.

PARTAB

No. 45, *Kaithola (Encumbered Estate)*. Normal income Rs. 31,907 : estate released from management on 1st October, 1888, on payment of the debt due to Government.

The rental demand, current and arrears, was Rs. 32,094, of which 99 per cent. was collected. Of the small balance of Rs. 327, only Rs. 35 is said to be irrecoverable. The collections on account of income from "other sources" were not so good this year, being only 68·8 per cent. of the demand against 86 in the previous year. The greater portion of the balance under this head comes under "Law expenses, recoverable." The suit in which these charges were incurred has been decided in the lower Court in favour of the estate; but as the plaintiff, who claims the entire estate, has preferred an appeal, no action appears to have been taken at present for the recovery of the costs.

No improvements were effected during the year; but the estate advanced a sum of Rs. 225 to tenants for the purchase of plough-cattle. The balance of the debt due to Government was paid in full, *viz.*,—

				Rs.	a.	p.
Principal	8,999	15	5
Interest	289	10	5
			Total	9,289	9	10

and the estate was made over to the Talúqdár on the 13th November, 1888.

BGARIH.

The estate was engaged in 13 civil suits, of which it gained seven, lost four, and two are pending. The only suit of importance—that brought by the brother of the Talúqdár for possession of the entire estate—was decided in favour of the Talúqdár, and the costs incurred were decreed.

This estate was taken under management under the Oudh Talúqdárs' Relief Act in April, 1872. At that time the debts aggregated Rs. 58,391, and the rental was Rs. 20,784. At the end of September, 1888, the rental was Rs. 31,862, showing an increase of Rs. 11,078 in the 16 years' management. The improvements effected during this period were the construction of eight pukka wells at a cost of Rs. 4,478 and five embankments costing Rs. 348. A sum of Rs. 2,660 was also advanced to tenants.

The tenants and under-proprietors of this estate are said to have been very troublesome; but as all claims have now been settled, it is expected that the Rání who has succeeded will not find any difficulty in managing them in future.

No. 46, Madhpur (Court of Wards' Estate). Normal income Rs. 7,096; deficit on the 30th September, 1888, Rs. 15,000.

The rental demand for the year, current and arrears, was Rs. 7,463, of which Rs. 7,029 were collected, or 99·04 per cent. The whole of the arrears, Rs. 434, is under collection. Of the income from "other sources," 76·60 per cent. was realized. The entire debt stands at Rs. 15,000 on a mortgage of the estate redeemable six years hence. The amount in hand at the close of the year towards the payment of this sum was Rs. 4,408. The amount laid out in improvements was Rs. 155. Of this Rs. 105 were given in advances to tenants for the purchase of plough-cattle and Rs. 50 expended on the construction of a well and an embankment. No notices of ejectment were issued during the year. The estate

was engaged in four civil suits, of which it gained two, lost one, and one is pending. PARTA

No. 47, Bargaon (Court of Wards' Estate). Normal income Rs. 25,226; deficit on the 30th September, 1888, Rs. 60,500.

The rental demand of the year, Rs. 25,226, was collected all but Rs. 240; and of the arrears demand, Rs. 616, Rs. 200 were realized. The total outstanding at the close of the year was Rs. 656, and of this Rs. 361 are said to be irrecoverable. The demand from "other sources" was Rs. 3,235, of which Rs. 1,527 were realized, leaving a balance of Rs. 1,708. This balance includes a sum of Rs. 1,516, due from a brother of the former proprietor of the estate on account of law expenses decreed against him, and there appears very little probability of any of this being collected. The debt due at the beginning of the year was Rs. 66,510 principal, and the interest accruing during the year Rs. 3,800. The interest was paid in full, and the principal reduced to Rs. 60,500 at the close of the year. At this rate of payment it is said that the estate will be clear of debt in ten years. No notices of ejectment were issued. The estate was concerned in five civil suits. It gained two, lost two, and one was pending. No expenditure was incurred by the estate on account of improvements; but two wells were under construction from a loan received from Government under the Land Improvement Act.

No. 48, Pandwansi (Court of Wards' Estate). Normal income Rs. 478; deficit on the 30th September, 1888, Rs. 800.

The rental demand was increased during the year from Rs. 461 to Rs. 478. This was realized all but Rs. 22-8-0. The debt was reduced from Rs. 891 to Rs. 800, and Rs. 53 were paid on account of interest. The income from miscellaneous sources, Rs. 24, was all collected. No notices of ejectment were issued, and the only civil suit in which the estate is engaged is still pending.

ABGARH. No. 49, *Dahyawan (Court of Wards' Estate)*. Normal income Rs. 20,967; credit balance on the 30th September, 1888, Rs. 19,675.

The rental demand, current and arrears, was Rs. 21,402, of which Rs. 20,855, or 99·46 per cent., were realized. The outstanding balance at the close of the year was Rs. 547. Of this only about Rs. 52 are said to be irrecoverable: the remainder is under collection. Of the income from "other sources" only 47·71 per cent. was collected. The heavy balance under this head is on account of interest on loans unrealized. The estate has a sum of Rs. 18,500 invested in Government promissory notes and there was a cash balance of Rs. 1,175 at the close of the year. A sum of Rs. 10,000 was expended during the year on the marriage of the daughter of the brother of the Talúqdár. Rupees 2,117 were expended on improvements, including Rs. 50 advanced to tenants. A well, commenced in 1294 fasli (1886-87), was still under construction, and additions were made to the bazaar in Dahyawan. No notices of ejectment were issued. The estate was engaged in three civil suits, of which it gained two and one is pending. The minor, Ramadhin Singh, continued his studies at the Partabgarh zila school.
